Small Things:

Small Things in the Eighteenth Century Chloe Wigston Smith, Beth Fowkes Tobin, 2022-09-29 Offering an intimate history of how small things were used handled and worn this collection shows how objects such as mugs and handkerchiefs were entangled with quotidian practices and rituals of bodily care Small things from tiny books to ceramic trinkets and toothpick cases could delight and entertain generating tactile pleasures for users while at the same time signalling the limits of the body's adeptness or the hand's dexterity Simultaneously the volume explores the striking mobility of small things how fans coins rings and pottery could for instance carry political philosophical and cultural concepts into circumscribed spaces From the decorative and playful to the useful and performative such small things as tea caddies wampum beads and drawings of ants negotiated larger political cultural and scientific shifts as they transported aesthetic and cultural practices across borders via nationalist imagery gift exchange and the movement of global goods

The Catechism Explained

Francis Spirago, 1899 This Catechism is divided into three parts The first part treats of faith the second of morals the third of the means of grace In the first part Our Lord appears in His character of Teacher in the second in His character of King and in the third in His character of High Priest And since this Catechism proposes as its primary object to answer the question for what purpose are we here upon earth thereby emphasizing and giving prominence to man's high calling and destiny it is especially suited to the present day when the pursuit of material interests self indulgence and pleasure engrosses the attention of so many This Catechism is in fact nothing more nor less than an abstract of Our Lord's teaching and may be called a guide book for the Christian on the road to heaven Preface

Indian English Literature Gajendra Kumar, 2001

New Cyclopaedia of Prose Illustrations, 1870 *Small Things* Nthikeng Mohlele, 2018 In this haunting tale of love and learning the existential chaos of a life ravaged by circumstance takes on a rhythm of its own one bound by loss and loneliness but also an intelligent awareness of self Sometimes melancholy sometimes brutal occasionally funny and infuriating a journalist comrade lover caught up in the shade and shadow of politics and social injustice faces treachery and betrayal on every level Set against the backdrop of a cityscape that taunts and tantalises this is where love fails and passion wanes where suffering has no meaning where an individual escapes death only to find himself confronted with choices wrought by remorse and retribution by conscience and character And yet with all trauma there is a distinct musicality to the lyrical unpacking that follows a string of small things *Indian Women Novelists in English* Jaydipsinh Dodiya, 2006 Contributed essays
