Intermittent Fasting for Women Over 50 Patricia Emmerich, 2020-05-06 Do you want a Intermittent Fasting guide for women over 50 Do you know if there was a word that could describe the intermittent fasting it would be the word fasting Fasting is the gist of this method of eating pattern It is one of the most popular diets used nowadays However it is quite interesting to note that despite being called a diet pattern intermittent fasting is more about being an eating pattern There is a huge difference between dieting and intermittent fasting In most of the dieting patterns you get to eat specific diets at specific times and schedules In most of the diets certain foods are to be taken into some portions and some edibles are to be avoided That is not the case in terms of intermittent fasting There is really no restriction on what to eat and what to not consume The approach of avoiding certain foods can be combined with intermittent fasting for enhanced effectiveness but that is given at the later stage One of the best things about intermittent fasting is that it is free of time restrictions Literally there is no restriction on this method You can follow it for two days a week or a month Although the method of intermittent fasting doesn't come with any side effects it still needs to be done for long time to reap benefits You can leave this peculiar eating pattern at any time without any harmful effects This book covers the following topics How Intermittent Fasting Works
