**The American and English Encyclopaedia of Law** David Shephard Garland,Lucius Polk McGehee,James Cockcroft,Charles Porterfield,1904 The New York Times Index ,1926 *The Law Times* ,1900 Leading Works in the History of the Constitution Chris Monaghan,2025-08-15 This collection brings together academic analysis of leading contemporary accounts of the British Constitution with key constitutional documents and sources while also offering analysis of the leading histories of the Constitution The works in question represent examples of the constitutionally most significant legislation judicial decisions and commentaries by scholars and key actors Its scope is the 700 years of English and then British history from the Magna Carta to Britain as an imperial power grappling with the question of how to govern India The contributors presenting a balance of established academics and early career researchers present an original and succinct account of the significance of each leading work They draw upon the context in which it was written contemporary literature and more modern academic analysis of the work and its author s Presenting a complement to standard texts on the history of the Constitution the book will be of interest to researchers and academics working in the areas of Constitutional Law and Politics Public Law and Legal History Commercial and Financial Chronicle Bankers Gazette, Commercial Times, Railway Monitor and Insurance Journal ,1875

**The Obstructed Path** Henry Stuart Hughes, The years of political and social despair in France from the great depression through the Nazi occupation Resistance and liberation to the Algerian War forced French intellectuals to rethink the values of their culture Their faltering attempts to break out of a psychological impasse are the subject of this thoughtful and compassionate book by a distinguished American historian In this first treatment of contemporary French thought to bridge philosophy literature and social science and to show its relation to comparable thinking in Germany Britain and the United States Hughes also assesses the work of other writers in terms of their emotional biography and role in society Hughes found those who struggled to find meaning and purpose amid chaos to be among the most brilliant minds of their century They included the social historians Bloch and Febvre the Catholic philosophers Maritain and Marcel the proponents of heroism Martin du Gard Bernanos Saint Exup ry Malraux and DeGaulle and the phenomenologists Sartre and Merleau Ponty They also included the strangely assorted trio of Camus Teilhard de Chardin and L vi Strauss who showed the way to a wider cultural community Yet in nearly every case these scholars achieved something quite different from what they set out to do For this self questioning generation the interchange between history and

anthropology became most compelling and of greatest interest to the world outside The Obstructed Path blends H Stuart Hughes concern for the many ways in which historians define and practice their craft his lifelong interest in literature his fascination with the influence of Marx and Freud and his empathy with the varieties of Christian thought It also demonstrates his delicate grasp of singular personalities such as Bernanos Merleau Ponty Jean Paul Sartre and L vi Strauss His profound insight into the flaws of many elaborate philosophical constructions and into the core of deep emotions bold images and searing passions that were often hidden in them bring us close to these thinkers and makes this an enduring work
