Time Team Guide To What Happened When:

The Time Team Guide to the History of Britain Tim Taylor, 2010 We all know that the Battle of Hastings was fought in 1066 London's one big burning blaze tore through the capital in 1666 and that Britain declared war on Nazi Germany in 1939 but many of us remember the most important moments in our history by the folk stories which are attached to them So we remember Henry VIII for his wives rather than the Reformation and Charles II for climbing a tree rather than the Civil War But if we set aside these stories do we really know what happened when and why it's so important Which came first the Bronze Age or the Stone Age Why did the Romans play such a significant role in our past And how did a nation as small as Britain come to command such a vast empire Here Tim Taylor and the team of expert historians behind Channel 4's Time Team answer these questions and many more cataloguing British history in a way that is accessible to all This book will give you and your family a clear and concise view of what happened when and why

The Time Team Guide to What Happened When Tim Taylor, 2006-11-01 Recent surveys have shown that as a nation our knowledge of British history is sketchy at best A 2001 poll found that 30% of 11-18 year olds thought that Oliver Cromwell fought at the Battle of Hastings and a similar number had no idea in which century the First World War occurred And the rest of us are no better Many of us remember important dates and events only if there is a handy rhyme In 1492 Columbus sailed the ocean blue or a charming folk story to accompany them As a result Henry VIII is remembered for his wives rather than the Reformation and Charles I who was publicly executed during the Civil War is famous for climbing a tree Here in What Happened When Tim Taylor and the expert archaeologists and historians behind the hit Channel 4 series Time Team will set us straight Each member of the team will select the events they believe had a major impact on our society and set out to justify their choices Sixty key events will be discussed with 15 given star status Key technologies will be featured together with photographs from Chris Bennett and illustrations from Time Team's own Victor Ambrus So whether you want a quick foray into the past or a definitive guide to British history this book will give you and your family an accurate chronology of the events that shaped our society and a clear picture of exactly what happened when
