Insights Into Teachers' Thinking And Practice Christopher Day, Maureen Pope, Pam Denicolo,2013-02-01 A collection of original research conducted by scholars from Europe and North America The papers consider the evolution of research on teachers thinking the nature of professional knowledge and philosophical and moral dimensions of teachers thinking

Research on Teacher Thinking (RLE Edu N) James Calderhead, Pam Denicolo, Christopher Day,2012-05-04 This is a companion volume to the editors Insights into Teachers Thinking and Practice Falmer Press 1999 and seeks to carry the discussion on further illustrating that there is a continuing intensity of thought activity and debate on how to conceptualise research on teacher thinking and thus generate knowledge for further understanding and action The ethical questions on undertaking research on the inner lives of teachers remain unresolved The international team present chapters which investigate the relationship between the researcher and the researched and the relevance and role of research in teacher development The papers are not presented as best practice for such definitions would be inevitably value laden Rather they are indications and anticipations of key areas for the development of understanding of teachers thinking and actions in the 1990s

From Teacher Thinking to Teachers and Teaching Cheryl J. Craig, Paulien C. Meijer, Jan Broeckmans,2013-07-04 This volume covers advances that have occurred in the thirty year existence of the International Study Association on Teachers and Teaching ISATT the organization that helped transition the study of teacher thinking to the study of teachers and teaching in all of its complexities

Teacher Thinking & Professional Action Dr Pam Denicolo, Michael Kompf,2005-10-09 Over the past twenty years the International Study Association on Teachers and Teaching ISATT has become world renowned as an organisation dedicated to the discussion of current thinking in

educational policy and practice As such the ideas aired at ISATT conferences are of the greatest significance to today s educational practitioners This book satisfies the demand for a lasting record of ISATT s illuminating discussions on the theme It is based on a selection of papers presented at their third bi annual conference and has been updated by each contributor to include their current thoughts and opinions Containing nineteen articles each an in depth examination of the topic it is divided into four sections conceptual frames for teacher thought and action methods and approaches to the study of teacher though and action teacher judgment and evaluation of students teacher thinking and teacher education Broad in theme international in scope and detailed this book is essential and enlightening reading for anyone with a serious interest in the ongoing development of educational thought *Teacher Thinking Twenty Years on* Pam M. Denicolo,Michael

Kompf,2005-08-04 The papers from the first two International Study Association on Teachers and Teaching conferences are presented in this title as book chapters Each paper has historical value marking as they do both a change in topic focus and a revolution in research practice They also have a practical value in that they provide a large reference source for and a wide range of examples of both topics and methods of research Value for the future can be found in the texts that note lacunae in research and unresolved issues Further since the chapters derive from research conducted in a variety of national contexts revealing some evidence of common constraints and opportunities impinging on education at the time questions are stimulated about what has changed and what has stayed the same in the interim Curriculum Leadership by Middle

Leaders Kelvin Heng Kiat Tan,Mary Anne Heng,Christina Lim-Ratnam,2016-08-12 Curriculum Leadership by Middle Leaders focusses on major issues relating to the continuing national and international discourse on curriculum leadership and highlights the vital role of middle leaders in schools School leadership has focused primarily on first order change involving school leaders or principals This book seeks to put the spotlight on second order change that involves curriculum leadership and professional development support on the part of middle leaders for more sustainable and long term change in teaching and learning that will influence what happens in classrooms With timely and thought provoking contribution from authors who pursue a range of scholarly interests in multiple educational settings the book is guided by several underlying questions How might we re envision curriculum leadership so that it addresses both local and global concerns and aspirations How might we better grasp how middle leaders understand and respond to the pressures of educational reform initiatives How might middle leaders transform pressures into possibilities This book will appeal to current teachers those currently undertaking teacher training and students or academics carrying out research in the field of educational leadership

Advances of Research on Teacher Thinking Miriam Ben-Peretz,Rainer Bromme,R. Halkes,1986 Handbook of Research on Teacher Education John P. Sikula,Association of Teacher Educators,1996 In 1990 the first edition of the Handbook of Research on Teacher Education offered a comprehensive introduction to research based reform in the classroom emphasizing the need to create effective educational models in direct response to the evolving needs of different

school settings Six years later as research based reform continues to strike a balance between the academic theories and classroom realities of our nation s schools the second edition of the Handbook seeks to balance the transitory nature of a career in education with the long term commitment such a career entails The Journal of Curriculum Theorizing ,1987

Teacher Education Research in a New Context Donald McIntyre,1997-05-28 A major strength of the book is its clear and explicit focus upon research into this newly created context for teacher education where the processes of teaching learning and course management are successfully tackled from within a research perspective The book is impressive in its practical application of a variety of research methodologies to the task of exploring a number of significant research questions which have emerged from the new situation created by the transition to school based ITE A recommended read therefore for all those concerned with interested in or involved in current developments in school based ITE and the research associated with it British Journal of Educational Studies

Teachers' Stories Mary Renck Jalongo,Joan P. Isenberg,Gloria Gerbracht,1995-02-10 Storytelling or narrative is gaining acceptance as an important tool for professional development research and teaching This book shows how teachers and educators can use stories of their professional experiences to reflect on their own practice articulate values and beliefs give shape and form to teaching theory and better understand decision making processes The book offers strategies for generating sharing and using narrativeand illustrates its points with many rich classroom stories Individual chapters built around specific themes show how teachers use narrative to forge connections learn from students reflect upon experience resolve conflict develop as professionals and enter the educational dialogue A wealth of examples and specific suggestions show teachers at all levels preschool through high school how to compose and give voice to their own stories forcing them to dig beneath the surface think more deeply about teaching and learning and become truly reflective practitioners
