The Medical Library Association Consumer Health Reference Service Handbook:

The Medical Library Association Consumer Health Reference Service Handbook Donald A. Barclay, Deborah D. Halsted, Medical Library Association, 2001 Guide for librarian to help patrons find answers to health questions **The Medical Library Association Guide to Providing Consumer and Patient Health Information** Michele Spatz, 2014-05-01 Comprised of fifteen chapters written by experienced consumer health librarians The Medical Library Association Guide to Providing Consumer and Patient Health Information is designed for library and information science graduate students as well as librarians new to health and medical librarianship regardless of library setting It is comprehensive in scope covering all aspects of consumer and patient health and medical information from their humble grassroots beginnings to the ever evolving applications of new technology and social media In between the mundane aspects of health and medical librarianship such as needs assessment costs budgeting and funding and staffing are discussed Adding richness to this discussion are the coverage of more sensitive topics such as patient friendly technology ethical issues in providing consumer and patient health information meeting the needs of diverse populations and responding to individuals from various cultural backgrounds No comprehensive picture of consumer and patient health librarianship would be complete without addressing the critical importance of marketing and strategic partnerships such discussions round out this invaluable guide Patients today must be knowledgeable enough to participate in their health and well being Shorter hospital stays changing reimbursement patterns and the gradual shift towards focusing on proactively maintaining health and managing disease require patients to be informed and actively engaged Education information and understanding are important components of actively engaged patients Correspondingly in today's world there is a glut of information resources available through the Internet from YouTube videos to Googling to blogs and Twitter feeds What is lacking in these information rich times is the relevance of meaning and context for those who ask Does this health and medical information apply to me and my unique clinical picture or How do I use this information As knowledge navigators information technology wizards and content experts librarians offer focused responses to individuals specific and highly personal health and medical information queries In a new healthcare world order of optimizing health and minimizing hospitalizations such a service is invaluable Sadly there still exists in our highly networked and technological age an information gap for those who struggle in obtaining meaningful health or medical information These individuals may be foreign born non English speaking poor rural aged or semi literate Whatever their status librarians must have the wherewithal to find germane resources and also help create responsive mechanisms to bridge that health information gap for vulnerable citizens The Medical Library Association Guide to Providing Consumer and Patient Health Information will guide you on the road to providing that response **The Medical Library Association Guide to Developing Consumer Health Collections** Claire B. Joseph, 2018-03-27 The Medical Library Association Guide to Developing Consumer Health Collections guides both library graduate school students

and seasoned librarians from academic health sciences and public libraries to develop maintain nurture and advertise consumer health collections This authoritative guide from the respected Medical Library Association covers all that is involved in developing a new consumer health library including Conducting community needs assessments and forging community partnerships Concerns about physical space computers and materials Funding budgeting and staffing Privacy and confidentiality concerns Publicity and advertising This book guides both graduate library school students and seasoned librarians from all types of libraries academic health center hospital public and school to develop maintain and nurture not only consumer health collections but also community partnerships and outreach programs Examples of librarians innovative and creative consumer health initiatives are included Chapters include all that is involved in developing a consumer health collection including conducting community needs assessments concerns about physical space computers and materials budgeting licensing and staffing privacy and confidentiality concerns and community partnership and outreach
