Aliens arrive the first of a brand new series of adventures in the Web 1 year after her adventure in GULLIVERZONE

Metaphor is still as excited by the web as anyone else her age But even she isn't ready for the chaos and excitement that comes when the whole system crashes No one knows what caused it few people know how to solve it But everyone knows what a nightmare it is Different sites are melting together and when that means Vikings and spaceships are meeting the last thing you want is to be stuck in the middle But that is exactly where Metaphor is And soon she is involved in a fight for survival with a group of Vikings who are displaying knowledge that no place should have Little does Metaphor know that the web crash is only the 1st part of an adventure that is going to overtake the world And not just the world of the web but the Real world too

The A to Z of Science Fiction Literature Brian Stableford, 2005-09-13 Science Fiction literature also known as sci fi and sf is one of the more recent genres and also one of the more popular It only truly emerged during the 20th century and has not stopped growing in terms of authors titles and readers It has also evolved into a variety of subgenres ranging from hard sf to soft sf from Utopias to dystopias with more than a smattering of horror detective war and feminist titles Stableford covers all these aspects and more taking a close look at what has become a booming industry with its specialized writers publishers and fan magazines The compendium includes not only sf from the United States and United Kingdom but also France Russia and many others While the chronology charts the genre's dazzling growth and the dictionary section looks at writers books themes and other specifics the introduction provides exceptional insight into what Science Fiction Literature is all about
