Why Russia:

Russia's Gamble Vladimir Gel'man, 2025-06-09 In February 2022 Russia launched a full scale military assault on Ukraine aimed at re establishing Russian control over the Ukrainian state economy and society similar in many ways to the Soviet period This goal however was not achieved and most likely will not be achieved in the future Rather the Russian special military operation has resulted in extraordinary disasters and losses for Russia for Ukraine and for the entire world This book examines the origins of the Russian assault on Ukraine and offers an explanation of why it has not achieved its aims Why did Russian elites and leaders propose prepare for and implement the assault on Ukraine in such a poorly prepared and heavily destructive way In seeking to answer these questions Gel man focuses on Russia s domestic agenda and its dynamics after the collapse of the Soviet Union The personalist nature of the Russian authoritarian political regime its vulnerability to bad governance major misperceptions by the Russian elites and leadership and reliance of the Kremlin upon previous experience of Russian impunity were all key factors that led to Russia s fateful decision to attack Ukraine and have continued to shape Russia s mistake ridden conduct of the war since then Gel man also considers what lessons can be learned from Russia s military assault for understanding the global agenda and for the study of domestic and international politics in the twenty first century This book written by a leading expert on Russian politics will be of great value to students and scholars in politics and to anyone interested in Russia and in the causes and consequences of the war against Ukraine

Russia's Capitalist Revolution Anders Åslund, 2007 **Russia's War Against Ukraine** Mark Edele, 2023-08-15 In February 2022 Russia launched a full scale invasion of Ukraine a fellow East Slav state with much shared history Mark Edele a world authority on the history of the Soviet Union explains why and how this conflict came about He considers competing historical claims and arguments with authority and lucidity His primary focus however is on the different paths taken by these two former members of the Soviet Union Since the implosion of that state in 1991 Ukraine has developed a vibrant if often troubled democracy For an increasingly dictatorial Russian political elite including but not limited to Vladimir Putin Ukraine has appeared more and more threatening Humiliated by the degradation of Russia s international standing feeling betrayed by an expanding NATO and anxious about democratic revolutions in the former Soviet space Putin and his allies have increasingly retreated into a resentful ultra nationalism Dreams of past imperial glory stand in place of any attempt to solve the problems of the present

A History of Russia Alfred Rambaud, 1882 **History of Russia from the Earliest Times to 1880** Alfred Rambaud, 1882 *Russia Today* Dorothy Thompson, 1929 [Shall We Fight Russia?](#) Humphry Sandwith, 1877 **The history of Russia from the foundation of the empire to the war with Turkey in 1877-'78, by H. Tyrrell and H.A. Haukeil** Henry Tyrrell (teacher of elocution.), 1879 **Russian Foreign Policy Towards the Middle East** Nikolay Kozhanov, 2022-07-01 This book sheds light on Russia s motives in the Middle East examining its growing role in the region and its efforts to defend its national interests As one of the first volumes to address both domestic and external

drivers it provides a valuable multi dimensional account of Moscow s foreign policy Russian Foreign Policy Towards the Middle East also traces the historical evolution of Russia s presence in the region comparing Moscow s current vision of its diplomatic priorities with the strategic goals of the Soviet Union Diverse case studies reveal areas of both divergence and convergence between Russia and various Middle Eastern players on a range of issues including the Syrian Civil War Iran s regional activities and the Yemeni conflict In an era of renewed global tensions this volume provides an important corrective to the notion that Russia s Cold War era confrontation with the West determines its contemporary approach to the Middle East No less important are economic interests and domestic security considerations which push Moscow towards greater interaction with the region Only by examining both new trends and old traditions can we understand Russia s significance as a global player today
