The Master Alienators:

Alienator Siqueira Junior MD, 2023-01-30 The city of Rio de Janeiro known for harboring plots and fantasies becomes the scene of the intriguing story of Marcus and Oda lifelong friends despite never having met When they finally meet they begin a remarkable journey against a powerful organization that leaves a trail of destruction in the name of a questionable war against evil Through the prism of lenses carved from pure Cristallo Marcus accesses the dark world of the Network and its tentacles With Oda's help he finds out that his family has been decimated to serve the interests of the organization Together they begin to understand the power they have and come together to cut off the serpent's head Many battles are fought and lives are alienated before the final battle But no effort seems to be enough to bury the threat Is it really the final battle Or is it just another illusion Probably not even the Alienator knows how great his abilities are *Catalog of Copyright Entries. being obscured The way in which the penetration of capitalism has taken place in Vanuatu makes possible the persistence of an illusion that rich peasants are the same as traditional men of rank and influence While this is certainly an illusion it is also a real way of coping with change and slowing the impact of capitalism in a local economy with a different kind of logic
