NEEDHAM,1844 **As Far As I Remember** Michael Bawtree,2015-02-02 Michael Bawtree owes his cultured start in life to the rambling country house hotel his parents owned and managed in the 1950s What it lacked in income it made up for in style and in the quality of the guests who included dukes and professors as well as dozens of prominent names from the arts and academia from C S Lewis and Iris Murdoch to Sir Adrian Boult Unsurprisingly Michael quickly developed a talent for literature drama and music which eventually after he had read English Language and Literature at Oxford with Christopher Ricks as his tutor took him to Canada where he embarked on a career in the theatre As Far As I Remember is part 1 of Michael s story covering his formative years from a wartime childhood and years at a rural prep school to an education at Radley College where a close friendship with Peter Cook already on the brink of fame as a comedian and satirist helped to propel him towards a theatrical career The story of his later life as a prominent actor playwright and director in Canada will be told in Volume 2 *The Oxford Companion to Children's Literature* Daniel Hahn,2015-03-26 The last thirty years have witnessed one of the most fertile periods in the history of children s books the flowering of imaginative illustration and writing the Harry Potter phenomenon the rise of young adult and crossover fiction and books that tackle extraordinarily difficult subjects The Oxford Companion to Children s Literature provides an indispensable and fascinating reference guide to the world of children s literature Its 3 500 entries cover every genre from fairy tales to chapbooks school stories to science fiction comics to children s hymns Originally published in 1983 the Companion has been comprehensively revised and updated by Daniel Hahn Over 900 new entries bring the book right up to date A whole generation of new authors and illustrators are showcased with books like Dogger The Hunger Games and Twilight making their first appearance There are articles on developments such as manga fan fiction and non print publishing and there is additional information on prizes and prizewinners This accessible A to Z is the first place to look for information about the authors illustrators printers publishers educationalists and others who have influenced the development of children s literature as well as the stories and characters at their centre Written both to entertain and to instruct the highly acclaimed Oxford Companion to Children s Literature is a reference work that no one interested in the world of children s books should be without **Children's Fiction 1900-1950** John Cooper,2019-07-23 First published in 1998 this volume explores how the genre of school stories had become firmly established by the turn of the twentieth century having been built on the foundations laid by writers such as Thomas Hughes and F W Farrar Stories for girls were also taking on a more exciting complexion inspired by the Katy books of Susan Coolidge The first five decades of the twentieth century saw further developments in children s fiction In this comprehensive volume John and Jonathan Cooper examine each decade in turn with alphabetically arranged entries on popular children s writers that published works in English during that period 206 different authors are covered many from the United States and

Canada Each entry provides information on the author s pseudonyms date of birth nationality titles of works place and date of publication and the publisher s name The artist responsible for a book s illustrations is also identified where possible With over 200 illustrations of cover designs and dustwrappers many of which are now rare and have never before been published this book will delight collectors dealers scholars librarians parents and all those who simply enjoy reading children s fiction
