Love: Bondage or Liberation? Deirdre Johnson,2018-03-26 Much has been written about the function of falling in love in the course of therapy itself This book has a much broader aim The author a Jungian analyst and psychotherapy trainer uses her teaching and clinical experience to illuminate the whole range of this near universal human experience How and why does falling in love affect us so profoundly How can it enhance who we are or must it ultimately fade without lasting value The author argues that the many valuable studies by psychoanalysts relational psychologists anthropologists neuroscientists and philosophers have all made valuable contributions and uses these to highlight and explore the many values and dangers inherent in passionate love However she claims that a more holistic approach is required to show how these various accounts can be seen as complementary rather than competing and can be accommodated within an overarching view of the integration of the human being in its heights and depths **Love as human virtue and human need and its role in the**

Guru, Gratitude and Grace Shubhda Vaid, 2022-07-12 When I focused on the spot I could see sharp rays of light emanating from her Ajna chakra and entering mine My eyes started burning and my whole body went into a spin I came to know later that this was Shaktipat and what had happened earlier was Jagran of Kundalini Shakti My initial meditational experiences were sometimes scary and sometimes amusing There were times when I would growl like a lion or hiss like a cobra Sometimes my body would go into an uncontrollable spin or I would keep shaking my head vigorously I would be a lama fighting with another lama or a Tantrik on a cremation ground making loud noises Other people at the group meditation were getting disturbed and upset over my behavior In no way should this path be considered easy or inferior In surrender your whole being your wants and desires your entire personality gets annihilated till a stage where you don't exist it's only the Guru who exists Why would one fall in love Isn't love supposed to uplift you Is it such petty emotion that makes you fall The only thing the world needs is love The only thing anyone needs is love unconditional love and acceptance of I Am No reason no logic no mind

Marginal Groups and Mainstream American Culture Yolanda Estes, 2000 They are often portrayed as outsiders ethnic minorities the poor the disabled and so many others all living on the margins of mainstream society Countless previous studies have focused on their pain and powerlessness but that has done little more than sustain our preconceptions of marginalized groups Most accounts of marginalization approach the subject from a distance and tend to overemphasize the victimization of outsiders Taking a more intimate approach this book reveals the personal moral and social implications of marginalization by drawing upon the actual experiences of such individuals Multidisciplinary and multicultural *Identity on the Margin* addresses marginalization at a variety of social levels and within many different social phenomena going beyond familiar cases dealing with race ethnicity and gender to examine such outsiders as renegade children conservative Christians and the physically

and mentally disabled And because women are especially subject to the effects of marginalization feminist concerns and the marginalization of sexual practices provide a common denominator for many of the essays From problems posed by complimentary racism to the status of gays in Tony Blair s England from the struggle of Native Americans to preserve their identities to the singular problems of single mothers Identity on the Margin takes in a broad spectrum of cases to provide theoretical analysis and ethical criticism of the mechanisms of identity formation at the edges of society In all of the cases the authors demonstrate the need for theory that initiates social change by considering the ethical implications of marginalization and criticizing its harmful effects Bringing together accounts of marginalization from many different disciplines and perspectives this collection addresses a broad audience in the humanities and social sciences It offers a basis for enhancing our understanding of this process and for working toward meaningful social change
