Publications: Finding
Statistics and Using
Special Techniques v. 2

Sears, Jean L.

Using Government Publications Finding Statistics And Using Special Techniques

Trudi Jacobson, Gary R. McClain

Using Government Publications Finding Statistics And Using Special Techniques:

Using Government Publications Jean L. Sears, Marilyn K. Moody, 1985 Government Documents and Reference Services Robin Kinder, 1991 This helpful new book discusses access possibilities and policies with regard to government information New and impending legislation information on most frequently used and requested sources and grant writing are some of the topics covered in the comprehensive chapters Government Documents and Reference Services helps make sense of technical reports government regulations patents and other difficult areas the librarian has to deal with Reference and technical librarians will find this an indispensable tool to guide them through the intricacies of government document research Using Government Publications: Searching by subject and agencies Jean L. Sears, Marilyn K. Moody, 1985 Basic reference to the use of United States government documents Sources and search strategies are covered *Expert Systems in Reference Services* Christine Roysdon, Howard D. White, 2019-12-06 This book first published in 1989 introduces readers to expert systems applications in many areas of library and information science and presents design and implementation issues encountered by librarians who have developed early systems to address the library reference function Systems for ready reference online database access and enhancement of subject searching in online catalogues are all explored Theoretical issues related to expert systems are balanced with descriptions of actual systems currently operating or under development Reference librarians interested in computing and automation library managers and administrators as well as teachers and students in library schools will be fascinated by this account of how expert systems are helping to make the expertise of the reference librarian available in a more consistent and timely fashion and reduce the burden of repetitive predictable questions for the professional **Walford's Guide to Reference Material: Generalia, language and literature, the arts** Albert John Walford, 1998 From its first edition the purpose of Walford has been to identify and evaluate the widest possible range of reference materials No rigid definition of reference is applied In addition to the expected bibliographies indexes dictionaries encyclopaedias and directories a number of important textbooks and manuals of general practice are included While the majority of the items are books Walford is a guide to reference material Thus periodical articles microforms online and CD ROM sources are all represented In this volume a particular effort has been made to improve coverage of the latter two categories **The University of Michigan Library Newsletter** , 1986 A Bibliographic Guide to Educational Research Dorothea M. Berry, 1990 585 new titles most published from 1980 to 1989 and 213 new editions and supplement volumes of titles cited in the second edition Appendix and extensive indexes Recommended for undergraduate bibliographic collections ARBA **Student Guide to Research in the Digital Age** Leslie Stebbins, 2005-12-30 One of the most perplexing aspects of research today is what to do when there s too much information on a topic What then of the librarian charged with teaching new generations to appreciate the search for intellectual wheat especially when the chaff has greater appeal The key suggests Leslie Stebbins is to impress upon students the importance of

good filtering instincts and careful management of search results At the same time it is equally essential to impress upon them the particular challenges and controversies that accompany research in a digital environment Chapter one provides a step by step introduction to both research and critical evaluation that can be followed for any assignment Chapters two through seven focus on specific types of information resources when to use them where to find them and how to evaluate them Chapter eight offers guidance on how to develop a note taking system cite sources avoid plagiarism and organize references Students and librarians alike will benefit from Stebbin s suggestions strategies and straightforward examples

Special Libraries ,1987 Vols for 1980 include Annual directory issue The Basic Business Library Bernard S.
