## **The Challenge:**

The Challenge of Modernizing Islam Christine Douglass-Williams, 2019-01-15 The entire foreign policy and much of the domestic policy of the United States and other Western governments is based on the proposition that the vast majority of Muslims are moderate and peaceful including those who are emigrating in large numbers to Europe and North America But as Islamist groups and many mosques radicalize peaceful Muslims and appeal to the teachings of the Koran Hadith and Sunnah it is imperative for moderates and reformists to articulate a vision of Islam and an exegesis of Islamic texts that can withstand the challenge of Islamists and the ulema who have declared the sanctity and immutability of the text Instead they must reestablish a firm foundation of Islam that is modernized genuinely peaceful tolerant pluralistic and compatible with secular governance the freedom of speech human rights and equality The Challenge of Modernizing Islam is the first major effort to provide that foundation Veteran journalist Christine Douglass Williams interviews foremost moderate and reformist Muslims in the Western world She asks them tough questions about how they deal with problematic Koran passages how they intend to get their message across to the Muslim world and more Their answers are revelatory even in the ways in which they disagree with one another Douglass Williams has captured the Islamic Reformist movement in its full intellectual ferment laying bare the tensions and triumphs of the Reformers In the book's second half she adds a crucial series of searingly honest and illuminating reflections on the challenges the reformers face the chances they have of succeeding and the implications of their struggle for the future of the Western world and of all free people Illuminating engaging and thought provoking The Challenge of Modernizing Islam is an essential text for understanding the future of the United States and the West and the implications of Muslim moderates struggle for the free world **"The Challenge of Our Time"** Iris Dorreboom, 1991 **Suggestions to Leaders on The Challenge of the City ...** Young People's Missionary Movement of the United States and Canada, 1910 **The Challenge of Childhood** Ira Solomon Wile, 1925 *The Challenge of Africa* K. A. Busia, 2023-05-08 In the mid twentieth century the challenges raised by Africa's emergence into the modern world touched on every aspect of national and international life One of the most significant was raised by Africa's quest for her own culture encompassing not only the heritage of her distant and mysterious past but also the most recent developments in her history In *The Challenge of Africa* originally published in 1962 reissued here with a new introduction the foremost African sociologist of the time offers a constructive humanitarian and genuinely democratic approach to the problems Africa faced in this search Professor Busia discusses the political educational and economic challenges inherent in the very nature of modern African nationalism But he argues the basic challenge is moral to maintain and adapt the social and spiritual heritage that Africa has preserved throughout her history It is in the light of this challenge that he analyses the moral problems posed by Africa's entry into the modern international community the demand for the resolution of the race relations problem the insistence that the injustice of colonial systems be erased the challenge to provide right and just governments for the peoples of Africa

the claim to cultural freedom In the international context African nationalism not only represents moral indignation against injustice and wrong it is also a claim for equality All nations must share in building a peaceful world community and this requires the cooperation of all races Lastly Professor Busia contends if East and West joined together to serve the needs of Africa they might in cooperation rediscover their own brotherhood and so save humanity
