Your Reason Blakes System:

"Strange Prophecies Anew" Tony Trigilio, 2000 This book revives questions of religious and political authority in poetic prophecy It argues that modern prophecy operates within a dynamic of continuity and estrangement that combines immanent and transcendent modes of representation creating a poetry that revises the very tradition that authorizes it **William Blake and the Myth of America** Linda Freedman, 2018-07-11 This volume tells the story of William Blake s literary reception in America and suggests that ideas about Blake s poetry and personality helped shape mythopoeic visions of America from the Abolitionists to the counterculture It links high and low culture and covers poetry music theology and the novel American writers have turned to Blake to rediscover the symbolic meaning of their country in times of cataclysmic change terror and hope Blake entered American society when slavery was rife and civil war threatened the fragile experiment of democracy He found his moment in the mid twentieth century counterculture as left wing Americans took refuge in the arts at a time of increasingly reactionary conservatism vicious racism pervasive sexism dangerous nuclear competition and an increasingly unpopular war in Vietnam the fires of Orc raging against the systems of Urizen Blake s America as a symbol of cyclical hope and despair influenced many Americans who saw themselves as continuing the task of prophecy and vision Blakean forms of bardic song aphorism prophecy and lament became particularly relevant to a literary tradition which centralised the relationship between aspiration and experience His interrogations of power and privilege freedom and form resonated with Americans who repeatedly wrestled with the deep ironies of new world symbolism and sought to renew a Whitmanesque ideal of democracy through affection and openness towards alterity **The Works of Allen Ginsberg, 1941-1994** Bill Morgan, 1995-02-28 Avant garde poet and popular culture icon Allen Ginsberg has been one of the world s most important writers for over 40 years This comprehensive bibliography covering the years 1941 to 1994 was prepared with the cooperation of the poet himself All books periodicals photographs recordings films and miscellaneous appearances are listed here Entries are grouped in chapters according to type of work and each entry provides full descriptive bibliographic information Allen Ginsberg is perhaps the most famous poet of our time as well as one of our most prolific writers His subjects range from Buddhist studies to drug research to gay rights to political issues of every description from Vietnam to censorship Ginsberg gave the author access to personal files and as a result every appearance of Ginsberg s writings in the English language is noted This bibliography is a comprehensive descriptive record of all of Ginsberg s works The volume contains descriptive annotations of every book pamphlet and broadside by Ginsberg It also contains complete descriptions of every contribution by Ginsberg to the works of others In addition all periodical contributions recordings films and miscellaneous publications are listed Due to Ginsberg s recent acceptance as a photographer of note a special section identifies all of his published photographs Entries are arranged in chapters according to the type of work to facilitate ease of use As a result this book presents a history of Ginsberg s works and traces the evolution of his writings over a period of
