Whether religiously theists atheists agnostics or simply seekers each of us is on a journey of faith spiraling through stages seasons or phases of spirituality On this journey we discover that spirituality is more caught than taught and that faith enriched more by subtraction than by addition is more about unlearning than learning At the center of Jesus life and message stands the exhortation to receive and share divine love The two volumes of Heart to Heart excerpted from Dr Vande Kappelle s published writings examine the meaning and implications of the biblical Great Commandment to love God and others as oneself This volume examines the spiritual journey inward and its companion volume the journey outward Ultimately there is only one spiritual journey the journey Godward and there is only one commandment Divine love is the key to everything Unloved people misbehave fail to love or fail to change Loved people aren t concerned with rules regulations or beliefs Rather because they are loved they take proper care of themselves and in so doing care for nature and others as extensions of themselves Heart to Heart is written for those who affirm the value of lifelong spiritual growth realize the limits of logic and embrace the paradoxes in life If you are willing to commit less than ten minutes a day over a seven month period you will undertake a spiritual journey of epic proportions guaranteed to transform you morally and spiritually In addition you will come to embrace Christianity as the transformative movement envisioned by Jesus for humanity a way of life grounded in compassion justice service humility and love of others

The Enneagram Personality Styles: Clare Loughrige,2016-08-05 With God s help I shall become myself Soren KierkegaardGet ready for Transformation with a tool that can help you become your best self The Enneagram of Personality Styles is a psychological spiritual system for mapping the nine personalities We all take reality in through a filter It is said that we don t see things as they are but see them as we are Our brand of seeing can bring us clarity and also blind us to what keeps us from fully becoming ourselves The Enneagram is a psychological explanation of what the Bible describes the fall of man although it is not primarily psychological It is a holistic Christ centered approach to discipleship health wholeness and transformation Although you will discover your style or type the system is not intended to put anyone in a box You can have the same number as another person and unique No individual is one type alone We are made up of a dominant type and two numbers on either side called wings The Harmony Triangles on the Enneagram point to the way of stress decline and disintegration or integration and growth This system therefore is very individual based on the individual journey of each person and their willingness to yield to God We will describe many characteristics of the personality in detailing the types style In describing the journey of the soul we will use the true self false self terminology True Self giftedness emerges from union with God and has nothing to do with performance It was the non acquired self It is our essence our reflection of the God image The virtues describe the true self False Self woundedness is the psychological self that is made up of past and present the family of origin issues nature nurture free will

It is your coping style of self The vices describe the false self Transformation redemption is bringing the wounded false self to God and being healed by the same thing that has wounded you much like inoculation
