Splendor of the Popes Robert P. Bergman, 1989 [Reflections on Pope Francis's Encyclical, Laudato si'](#) John Arthur Orr, Harry Schnitker, Mary Mills SHCJ, 2020-05-15 This volume represents a collection of essays by emerging and well established Catholic scholars on Laudato si Pope Francis s encyclical on the environment All contributors are connected with the Maryvale Institute in Birmingham the only Vatican approved Higher Institute of Religious Sciences in the English speaking world When it appeared Laudato si was widely welcomed by many and strongly criticised by others All agreed that the encyclical was an important voice in the environmental debate As this book suggests however Laudato si is more than an encyclical on the environment it is a thorough examination of the human condition in the early twenty first century Essays in this volume focus on the philosophical textual ecological anthropological and theological aspects of Laudato si place it in a specific history of ideas and contemplate its meaning for the modern world Laudato si has been widely discussed in religious and secular circles alike and this book will enhance the understanding of the text for both **The Teachings of Pope John Paul II** John E.
