The La Traviata Affair Dr. Hilde Roos, 2018-10-23 Race politics and opera production during apartheid South Africa intersect in this historiographic work on

the Eoan Group a coloured cultural organization that performed opera in the Cape The La Traviata Affair charts Eoan s opera activities from the group s inception in 1933 until the cessation of their productions by 1980 It explores larger questions of complicity compromise and compliance of assimilation appropriation and race and of European art music in situations of non European dispossession and disenfranchisement Performing under the auspices of apartheid the group s unquestioned acceptance of and commitment to the art of opera could not redeem it from the entanglements that came with the political compromises it made Uncovering a rich trove of primary source materials Hilde Roos presents here for the first time the story of one of the premier cultural agencies of apartheid South Africa To Dance on Sands Marta Becket,2006 The only time she felt free was when she was dancing Performing her own creations on her own stage it would be like dancing forever Then one day in the middle of Death Valley it appeared to her like a dream A beautiful theatre that no one wanted To Dance on Sands is the autobiography of Marta Becket artist dancer and performer and subject of the Academy Award nominated documentary Amargosa From her childhood in bohemian New York of the 1920s and 30s to her career as a painter dancer and chorus performer on Broadway and television Becket tells in quirky honest prose the story of the many ups and downs she faced living a life in the arts To Dance on Sands is the story of a fiercely independent woman driven by her creative muses to live life on her own terms From the glitz of New York to performing before a hand painted audience in a remote ghost town Marta Becket s tale is one that will inspire the dancer and artist in everyone Getting Started in Ballet Anna Paskevaska,2016 In Getting Started in Ballet A Parent s Guide to Dance Education authors Anna Paskevaska and Maureen Janson comprehensively present the realities that parents can anticipate during their child s training and or career in ballet It can be daunting and confusing when parents discover their child s desire to dance Parental guidance and education about dance study typically comes from trial by fire This book expertly guides the parental decision making process by weaving practical advice together with useful information about dance history and the author s own memoir From selecting a teacher in the early stages to supporting a child through his or her choice to dance professionally parents of prospective dancers are lead through a series of considerations and encouraged to think carefully and to make wise decisions Written primarily as a guide book for parents it is just as useful for teachers and this exemplary document would do well to have a place on the bookshelf in every dance studio waiting room Not only can dance parents learn from this informative text but dance teachers can be nudged toward a greater understanding and anticipation of parents needs and questions Getting Started in Ballet fills a gap conveniently under one cover welcoming parents to regard every aspect of their child s possible future in dance Without this book there would be little documentation of the parenting aspect of dance Dance is unlike any other training or field and knowing how to guide a young dancer can make or break them as a dancer or dance lover **Beginning Ballet** Gayle Kassing,2013-08-21 Beginning Ballet and the accompanying web resource introduce students to the study of ballet as a performing art and provide instructional support in learning foundational ballet technique Part of Human Kinetics Interactive
