The Generative Study Of Second Language Acquisition

William C. Ritchie, Tej K. Bhatia

The Generative Study Of Second Language Acquisition:

The Generative Study of Second Language Acquisition Suzanne Flynn,Gita Martohardjono,Wayne O'Neil,2014-01-14

The vast majority of work in theoretical linguistics from a generative perspective is based on first language acquisition and performance The vast majority of work on second language acquisition is carried out by scholars and educators working within approaches other than that of generative linguistics In this volume this gap is bridged as leading generative linguists apply their intellectual and disciplinary skills to issues in second language acquisition The results will be of interest to all those who study second language acquisition regardless of their theoretical perspective and all generative linguists regardless of the topics on which they work

Research Methods in Generative Second Language Acquisition

Roumyana Slabakova,Tania Leal,Laura Domínguez,2024-09-04 This timely text provides a comprehensive overview of the research methods used by the Generative Second Language Acquisition framework The authors lay out the history and state of the art in the field explain the theoretical underpinnings of this work and offer practical hands on guidance for developing conducting and understanding studies related to L2 grammatical competence using a rich array of techniques and advancing key insights into the rationale and circumstantial pros and cons of each method With useful features in a consistent chapter structure including diverse case studies and discussion questions the book will be an invaluable resource to students and researchers of SLA applied linguistics theoretical linguistics education and related areas

The Development of Second Language Grammars Elaine C. Klein,Gita Martohardjono,1999-05-15 This volume is a collection of state of the art papers in generative studies of second language L2 acquisition bringing together an unusually broad range of interests and inquiry Selected papers report on controlled experimental studies within specific areas of research investigating the development of L2 grammars others formulate exciting new proposals for methodology and learnability in both first and second language acquisition Following an introduction which argues for new research strategies that focus on the process of acquisition along with its product the book is divided into two sections Current Perspectives includes compelling new work on the development of functional categories within a parameter setting model of L2 acquisition the second section New Directions introduces research and discussion on topics which reflect the latest developments in the field including syntax semantics correspondences L2 processing research code switching from a UG perspective and applications of Chomsky s 1995 Minimalist Program to second language acquisition studies

Second Language Acquisition Roumyana Slabakova,2016-04-15 This textbook approaches second language acquisition from the perspective of generative linguistics Roumyana Slabakova reviews and discusses paradigms and findings from the last thirty years of research in the field focussing in particular on how the second or additional language is represented in the mind and how it is used in communication The adoption and analysis of a specific model of acquisition the Bottleneck Hypothesis provides a unifying perspective The book assumes some non technical knowledge of linguistics but important concepts are clearly introduced

and defined throughout making it a valuable resource not only for undergraduate and graduate students of linguistics but also for researchers in cognitive science and language teachers

Language Acquisition Studies in Generative Grammar Kenneth Wexler, Teun Hoekstra, Bonnie D. Schwartz, 1994 This is a collection of essays on the native and non native acquisition of syntax within the Principles and Parameters framework In line with current methodology in the study of adult grammars language acquisition is studied here from a comparative perspective The unifying theme is the issue of the initial state of grammatical knowledge For native language the important controversy is that between the Continuity approach which holds that Universal Grammar is essentially constant throughout development and the Maturation approach which maintains that portions of UG are subject to maturation For non native language the theme of initial states concerns the extent of native grammar influence Different views regarding the continuity question are defended in the papers on first language acquisition Evidence from the acquisition of inter alia Bernese Dutch English Finnish French German Icelandic Italian and Japanese is brought to bear on issues pertaining to clause structure null subjects verb position negation Case marking modality non finite sentences root questions long distance questions and scrambling The views defended on the initial state of adult second language acquisition also differ from complete L1 influence to different versions of partial L1 influence While the target language is German in these studies the native language varies Korean Spanish and Turkish Analyses invoke UG principles to account for verb placement null subjects verbal morphology and Case marking Though many issues remain the volume highlights the growing ties between formal linguistics and language acquisition research Such an approach provides the foundation for asking the right questions and putting them to empirical test

The New Handbook of Second Language Acquisition William C. Ritchie, Tej K. Bhatia, 2009 The New Handbook of Second Language Acquisition is a thoroughly revised re organized and re worked edition of Ritchie and Bhatia's 1996 handbook The work is divided into six parts each devoted to a different aspect of the study of SLA Part I includes a recent history of methods used in SLA research and an overview of currently used methods Part II contains chapters on Universal Grammar emergentism variationism information processing sociocultural and cognitive linguistic Part III is devoted to overviews of SLA research on lexicon morphosyntax phonology pragmatics sentence processing and the distinction between implicit and explicit knowledge Part IV examines neuropsychology of SLA another on child SLA and the effects of age on second language acquisition and use Part V is concerned with the contribution of the linguistic environment to SLA including work on acquisition in different environments through the Internet and by deaf learners Finally Part VI treats social factors in SLA including research on acquisition in contact circumstances on social identity in SLA on individual differences in SLA and on the final state of SLA bilingualism

Second Language Acquisition Susan M. Gass, Larry Selinker, 2001 This revision of our best selling text in SLA will incorporate suggestions made by previous adopters of the book as well as including new developments in theoretical linguistics cognitive psychology and social interaction

Three Streams of Generative

Language Acquisition Research Tania Ionin, Matthew Rispoli, 2019-04-15 This edited volume contains a representative sample of papers presented at the 7th meeting of the Generative Approaches to Language Acquisition North America GALANA 7 conference The book features three streams of research Variation in Input First Language Acquisition and Second Language Acquisition each of which investigates the nature of language acquisition from the generative perspective A unique feature of the GALANA 7 conference and of this volume is the bringing together of research on generative language acquisition and research on the role that cross dialectal input variation plays in acquisition This volume should be of interest to scholars and students of first language acquisition second language acquisition and input variation *Saliency in Second Language Acquisition* Susan M. Gass, Patti Spinner, Jennifer Behney, 2017-07-31 Saliency in Second Language Acquisition brings together contributions from top scholars of second language acquisition SLA in a comprehensive volume of the existing literature and current research on saliency In the first book to focus exclusively on this integral topic the editors and contributors define and explore what makes a linguistic feature salient in sections on theory perpetual saliency and constructed saliency They also provide a history of SLA theory and discussion on its contemporary use in research An approachable introduction to the topic this book is an ideal supplement to courses in SLA and a valuable resource for researchers and scholars looking for a better understanding of the subject [The Handbook of Spanish Second Language Acquisition](#) Kimberly L. Geeslin, 2018-08-14 Bringing together a comprehensive collection of newly commissioned articles this Handbook covers the most recent developments across a range of sub fields relevant to the study of second language Spanish Provides a unique and much needed collection of new research in this subject compiled and written by experts in the field Offers a critical account of the most current ground breaking developments across key fields each of which has seen innovative empirical research in the past decade Covers a broad range of issues including current theoretical approaches alongside a variety of entries within such areas as the sound system morphosyntax individual and social factors and instructed language learning Presents a variety of methodological approaches spanning the active areas of research in language acquisition **Second Language Acquisition and the Critical Period Hypothesis** David Birdsong, 1999 Second Language Acquisition and the Critical Period Hypothesis is the only book on the market to provide a diverse collection of perspectives from experienced researchers on the role of the Critical Period Hypothesis in second language acquisition It is widely believed that age effects in both first and second language acquisition are developmental in nature with native levels of attainment in both to be though possible only if learning began before the closure of a window of opportunity a critical or sensitive period These seven chapters explore this idea at length with each contribution acting as an authoritative look at various domains of inquiry in second language acquisition including syntax morphology phonetics phonology Universal Grammar and neurofunctional factors By presenting readers with an evenly balanced take on the topic with viewpoints both for and against the Critical Period Hypothesis this book is the ideal guide to understanding this critical

body of research in SLA for students and researchers in Applied Linguistics and Second Language Acquisition

Phonology and Second Language Acquisition Jette G. Hansen Edwards, Mary L. Zampini, 2008 This volume is a collection of 13 chapters each devoted to a particular issue that is crucial to our understanding of the way learners acquire learn and use an L2 sound system In addition it spans both theory and application in L2 phonology The book is divided into three parts with each section unified by broad thematic content Part I Theoretical Issues and Frameworks in L2 Phonology lays the groundwork for examining L2 phonological acquisition Part II Second Language Speech Perception and Production examines these two aspects of L2 speech in more detail Finally Part III Technology Training and Curriculum bridges the gap between theory and practice Each chapter examines theoretical frameworks major research findings both classic and recent methodological issues and choices for conducting research in a particular area of L2 phonology and major implications of the research findings for more general models of language acquisition and or pedagogy *Research Methods in Generative Second Language Acquisition* Roumyana Slabakova, Tania Leal, Laura Domínguez (Linguist), 2024-08 This timely text provides a comprehensive overview of the research methods used by the Generative Second Language Acquisition framework

Universal Grammar and the Second Language Classroom Melinda Whong, Kook-Hee Gil, Heather Marsden, 2013-06-26 This book proposes that research into generative second language acquisition GenSLA can be applied to the language classroom Assuming that Universal Grammar plays a role in second language development it explores generalisations from GenSLA research The book aims to build bridges between the fields of generative second language acquisition applied linguistics and language teaching and it shows how GenSLA is poised to engage with researchers of second language learning outside the generative paradigm Each chapter of *Universal Grammar and the Second Language Classroom* showcases ways in which GenSLA research can inform language pedagogy Some chapters include classroom research that tests the effectiveness of teaching particular linguistic phenomena Others review existing research findings discussing how these findings are useful for language pedagogy All chapters show how generative linguistics can enhance teachers expertise in language and second language development This groundbreaking volume ably takes on the gap that currently exists between generative linguistic theory in second language acquisition GenSLA and second language pedagogy by gathering chapters from GenSLA researchers who are interested in the relevance and potential application of their research to second foreign language teaching It offers a welcome and thought provoking contribution to any discussion of the relation between linguistic theory and practice I recommend it not only for language teachers interested in deepening their understanding of the formal properties of the languages they teach but also for linguists interested in following up on more practical consequences of the fruits of their theoretical and empirical research Donna Lardiere Georgetown University Washington DC USA [Current Trends in Child Second Language Acquisition](#) Belma Haznedar, Elena Gavrusseva, 2008 This volume presents recent generative research on the nature of grammars of child second language L2 acquirers a learner population whose

exposure to an L2 occurs between the ages of 4 to 8 The main goal is to define child L2 acquisition in relation to other types of acquisition such as child monolingual and bilingual acquisition adult L2 acquisition and specific language impairment This comparative perspective opens up new angles for the discussion of currently debated issues such as the role of Universal Grammar in constraining development developmental sequences in L2 maturational influences on the growth of grammar critical period effects for different linguistic domains initial state and ultimate attainment in relation to length of exposure and L1 transfer in relation to age of onset These issues are explored using longitudinal cross sectional and experimental data from L2 children acquiring a range of languages including Dutch English French and Greek

Second Language Acquisition and Universal Grammar Lydia White,2003-03-06 This authoritative 2003 textbook provides an overview and analysis of current second language acquisition research conducted within the generative linguistic framework Lydia White argues that second language acquisition is constrained by principles and parameters of Universal Grammar The book focuses on characterizing and explaining the underlying linguistic competence of second language learners in terms of these constraints Theories as to the role of Universal Grammar and the extent of mother tongue influence are presented and discussed with particular consideration given to the nature of the interlanguage grammar at different points in development from the initial state to ultimate attainment Throughout the book hypotheses maintaining that second language grammars are constrained by universal principles are contrasted with claims that Universal Grammar is not implicated relevant empirical research is presented from both sides of the debate This textbook is essential reading for those studying second language acquisition from a linguistic perspective

□□□□ ,2009 *Second Language Syntax* Roger Hawkins,2001-02-08 Adopting the objectives of Chomsky s Principles and Parameters approach to Universal Grammar *Second Language Syntax* takes the reader through the main research findings in second language grammatical development For each area empirical findings are linked to proposals made by linguists working within the Principles and Parameters framework with the aim of developing a theory of second language syntax

Conversational Interaction in Second Language Acquisition Alison Mackey,2007-10-04 *Conversational Interaction in Second Language Acquisition A Series of Empirical Studies* Oxford applied linguistics

Universal Grammar in Second-Language Acquisition Margaret Thomas,2004-07-31 This book discusses how scholars in the west have conceived that human languages share important properties and how westerners have understood the nature of second or foreign language learning

The Generative Study Of Second Language Acquisition Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Generative Study Of Second Language Acquisition has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Generative Study Of Second Language Acquisition has opened up a world of possibilities. Downloading The Generative Study Of Second Language Acquisition provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Generative Study Of Second Language Acquisition has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Generative Study Of Second Language Acquisition. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Generative Study Of Second Language Acquisition. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Generative Study Of Second Language Acquisition, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Generative Study Of Second Language Acquisition has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Generative Study Of Second Language Acquisition Books

1. Where can I buy The Generative Study Of Second Language Acquisition books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The Generative Study Of Second Language Acquisition book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of The Generative Study Of Second Language Acquisition books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are The Generative Study Of Second Language Acquisition audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read The Generative Study Of Second Language Acquisition books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
