Routledge Handbook of the Global South in Sport for Development and Peace Billy Graeff, Simona Šafaříková, Lin Cherurbai Sambili-Gicheha, 2024-07-18 This book explores the field of Sport for Development and Peace (SDP), putting Global South voices and perspectives at the centre of the analysis. Covering a wide range of thematic and methodological areas that inform existing and emerging discourses in SDP, it represents an unparalleled resource for researchers and practitioners working in this area. Arranged into geographical sections covering Africa, Asia, South America, North America, and Oceania, the book presents original research in Global South countries or by Global South researchers and practitioners, sometimes in collaboration with colleagues from the Global North. It highlights practices and theories created, developed, interpreted, and reinterpreted by people who belong to the communities where these sporting experiences have been taking place and whose critical reflections and experiences have yet to gain attention in international academic and practitioner communities in the English language. The book presents the views of diverse stakeholders: programme participants, promoters, coaching staff, volunteers, researchers, teachers, lecturers, and other actors that have been difficult to access for researchers who do not usually speak languages other than English. A landmark publication in the field of SDP, this book is essential reading for any

advanced student research practitioner or policy maker with an interest in the value of sport in international development
