Anna undergoes repeatedly psychotherapy and sees her psychotherapist nicknamed Mother Sugar. In the course of her treatment, the interpretation of her dreams is very important, which shows us the influence of Freud and especially of C. G. Jung with his theory of psychoanalysis. A central theme in *The Golden Notebook* are Anna's doubts about the meaningfulness of literature. Structure: time scheme and interpretation chart of the action. Doris Lessing wanted to leave behind the form of the conventional realistic novel. Therefore, she chose such an extraordinary construction. The skeleton is the short novel *Free Women*, which could stand for itself and is some kind of frame story which is divided into five sections by four notebooks. The notebooks are told by Anna Wulf, the main figure of *Free Women*, each notebook focusing on a different kind of experience. The *Black Notebook* is about Anna's time in South Africa and about her best seller *Frontiers of War*. *Literature and the Writer* Michael J. Meyer,2004 *Literature and the Writer* was first conceived with the hope the essays would shed light on several dimensions of the authorial craft. It was the hope of the editor that the selected essays would examine not only writers' choice of vocabulary but also their deliberate selection of grammatical constructions and word order and their seamless weaving together of plots and imagery. Moreover, the analyses would also draw attention to how the writing process impacts the development of characters and the formulation of thematic strands in fiction. Thus, a wide variety of authors are deliberately selected to give the text depth: writers of popular fiction as well as modern classics are included, and contrasts are established between traditional writers and those who prefer to follow experimental trends. Modernists are set against postmodernists, absurdists vs. realists, minority ethnicities vs. majority cultures, and dominant genders appear in contrast to subordinated ones. Clearly, the major tenet of the collection is that the writing profession provides an unending dilemma that deserves to be explored in more detail as readers try to determine how authorial voices confuse while simultaneously elucidating their audience, how texts are constructed by authors and yet deconstructed by the very words they choose to include, how silence functions as inaudible yet audible discourse, and how authorial self-concept shapes not only itself but is also echoed in the fictional characters, writers who appear in the texts.

An Open Access edition is available on the Liverpool University Press website thanks to funding from the Riksbankens Jubileumsfond This book offers an original reinterpretation of the literary history of British socialism in the long twentieth century and a theoretical investigation into the relationship between radical politics and writing more generally Through detailed close readings of fiction and other prose forms *Socialism and British Literature* argues that the discursively open and historically contingent language of the people where the people is understood as a political subject without necessary determinations or objective guarantees a people that needs to be assembled or imagined a people that is always yet to come is at the heart of literary engagements with the idea of socialism in Britain Across fictional and creative explorations of left wing politics from the nineteenth century ideological contexts which eventually gave rise to mass socialist movements at the beginning of the twentieth century to early twenty first century recreations of radical politics what
