

SPEAK TRUTH

is the most violated verse on the internet! Probably, "Love the Lord your God with all your heart." Every online sin drama has nourishment from that verse.

Right behind the violated verse might be—our second-place winner—the words "Speaking the truth in love" (Eph. 4:15).

Online sin dramas don't have a great reputation for speaking the truth. And even when they do it, it's just as likely to be spoken in disdain as in love. The

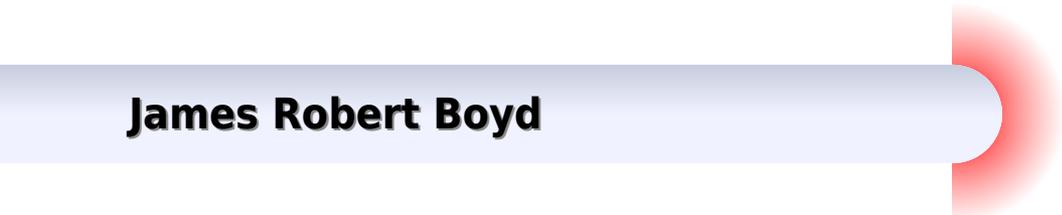

in love

"Speaking the truth in love" is a phrase Paul uses in his letter to the Ephesians. It's part of a list of things that are meant to show from particular members of the church. Christ, naturally, has decisions to give—prophecy, evangelism, pastor, and teacher" in his church. The idea, Paul explains, "is to help the saints live the work of love and then, by turns, will "build up the body of Christ." Paul says, "And that body makes "mistakes." It needs the guidance that children it "served around by every kind of discipline." Instead, it will find itself "speaking the truth in love." This will happen. And this is the reason for Paul's famous phrase. It's not an if "you

The Truth About English

The Truth About English:

Simple Truth (English Version) Sidney Mohede, 2021-08-19 Life is about seasons and making the right choices in the midst of discovering purpose and calling. Many people find themselves in the middle of an increasingly noisy life that is becoming more complicated with chasing the next big thing. What if the way to move forward is simply to find and learn the simple truths of life? The simplest things are often overlooked yet it is the simplest things that are the most essential. Many simple truths are forgotten but it is those truths that can help you to continue walking in the path that God has prepared. This book will help you to identify, recall, and hold on to those truths. Truths that will help you discover the calling God has placed in your life and what you should do to fulfill it. *National and English Review*, 1897 *The Ramayan of Vālmīki Translated Into English Verse by Ralph T.H. Subhendu Mund, 2021-07-08 The Making of Indian English Literature brings together seventeen well researched essays of Subhendu Mund with a long introduction by the author historicising the development of the Indian writing in English while exploring its identity among the many appellations tagged to it. The volume demonstrates contrary to popular perceptions that before the official introduction of English education in India Indians had already tried their hands in nearly all forms of literature: poetry, fiction, drama, essay, biography, autobiography, book review, literary criticism, and travel writing. Besides translation activities, Indians had also started editing and publishing periodicals in English before 1835. Through archival research, the author brings to discussion a number of unknown and less discussed texts which contributed to the development of the genre. The work includes exclusive essays on such early poets and writers as Kalyan Chunder Dutt, Shoshee Chunder Dutt, Toru Dutt, Mirza Moorad Alee Beg, Krupabai Sathianadhan, Swami Vivekananda, H. Dutt, and Sita Chatterjee, and historiographical studies on the various aspects of the genre. The author also examines the strategies used by the early writers to Indianise the western language and the form of the novel. The present volume also demonstrates how from the very beginning Indian writing in English had a subtle nationalist agenda and created a space for protest literature. The Making of Indian English Literature will prove an invaluable addition to the studies in Indian writing in English as a source of reference and motivation for further research.
