The Tv Addicts Handbook:

The TV Addict's Handbook Bart Andrews, 1978 *Comic Drunks, Crazy Cults, and Lovable Monsters* David Scott Diffrient, 2022-12-01 Contradictory to its core the sitcom an ostensibly conservative tranquilizing genre has a long track record in the United States of tackling controversial subjects with a fearlessness not often found in other types of programming But the sitcom also conceals as much as it reveals masking the rationale for socially deviant or deleterious behavior behind figures of ridicule whose motives are rarely disclosed fully over the course of a thirty minute episode Examining a broad range of network and cable TV shows across the history of the medium from classic working class comedies such as *The Honeymooners* *All in the Family* and *Roseanne* to several contemporary cult series animated programs and online hits that have yet to attract much scholarly attention this book explores the ways in which social imaginaries related to bad behavior have been humorously exploited over the years The repeated appearance of socially wayward figures on the small screen from raging alcoholics to brainwashed cult members to actual monsters who are merely exaggerated versions of our own inner demons has the dual effect of reducing complex individuals to recognizable types while neutralizing the presumed threats that they pose Such representations not only provide strangely comforting reminders that badness is a cultural construct but also prompt audiences to reflect on their own unspoken proclivities for antisocial behavior if only in passing

Demographic Vistas David Marc, 2010-11-24 In *Demographic Vistas* David Marc shows how we can take television seriously within the humanist tradition while enjoying it on its own terms To deal with the barrage of messages from television s chaotic history Marc adapts tools of theatrical and literary criticism to focus on key personalities and genres in ways that reward serious students and casual viewers alike This updated edition includes a new foreword by Horace Newcomb and a new introduction by the author that discusses the ways in which the nature of television criticism has changed since the book s original publication in 1984 A new final chapter explores the paradox of the diminishing importance

of over the air broadcasting during the period of television's greatest expansion which has been brought about by complex technologies such as cable videocassette recorders and online services

School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults For them libraries become a place for work the place to research an assignment or find a book for a report but the thought of the library as a place for enjoyment is lost So how do librarians recapture the interest of teenagers This just might be the answer Here you will find theme based units such as Cartoon Cavalcade Log On at the Library Go in Style Cruising the Mall Space Shots Teens on TV and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs
