Standing Lessons:

Standing Lessons Norval Rindfleisch, 2002-03 STANDING LESSONS is a wry witty and bittersweet story of Jack Bartley a history teacher coach and dorm master in a small rural New England private school Although satisfied almost complacent with his life he encounters challenges to his powers as an effective teacher and coach as well as to his sense of self worth and his most cherished values But this novel is more than the story of one teacher Virtually every aspect of a traditional private school is touched upon directly or indirectly a senior faces expulsion for dishonesty and discovers that giving up is more noble than persisting a young girl dreams of sometime gaining equity with boys in their traditional world a disciplinary case divides the faculty with little hope of resolution a student s private problem verges upon a compromise of privacy Most of all however a dialectic in which the principles that underlie the teaching of morality emerges and through which the question of the morality of teaching itself becomes a central philosophic issue *Course in Physical Training for Grades VII and VIII.*

,1917 **Brief SEL Interventions at School** Gayle L. Macklem, 2021-01-25 This book explores the social emotional learning SEL movement in the United States and the current situation in schools that both supports and impedes the infusion of programs and strategies that actually work for children and adolescents The volume describes overarching issues to include what the term evidence based should mean as well as the confusing and sometimes ill advised proliferation of programs that become components of the many barriers to the success of the SEL movement The book examines why it may be necessary to take a step back when considering nonacademic interventions in schools This book explores the need to and the process of vetting interventions before trying to implement them in the classroom In addition the volume examines the various frameworks and standards involving SEL to shape a thoughtful approach that makes a difference in each student s academic success It offers a scientific approach to selecting brief easy to implement SEL strategies for school psychologists teachers and related mental health and educational professionals The book describes each strategy in detail and addresses how to use these strategies when to use them and for whom they are likely to work The volume concludes recommended implementation and dissemination strategies This book is a must have resource for researchers clinicians practitioners and graduate students in child and school psychology educational psychology social work as well as all interrelated sub
