Prisoners of War Bob Moore, 2022-04-14 The Second World War between the European Axis powers and the Allies saw more than twenty million soldiers taken as prisoners of war While this total is inflated by the unconditional surrender of all German forces in Europe on 8 May 1945 it nonetheless highlights the fact that captivity was one of the most common experiences for all those in uniform even more common than frontline service Despite this and the huge literature on so many aspects of the war prisoner of war histories have remained a separate and sometimes isolated element in the wider national chronicles of the conflict constructed in the post war era Prisoners of every nationality had their own narratives of military service and captivity While it is impossible to encompass their collective histories let alone the individual experiences of all twenty million prisoners in a single volume Bob Moore uses a series of case studies to highlight the key elements involved and to introduce analyse and refine some of the major debates that have arisen in the existing historiography The study is divided into three broad sections captivity in Eastern and Western Europe during the war itself comparative studies of specific categories of prisoners and the repatriation and reintegration of prisoners after the war

Tables Turned on Them Dr. Michael Greenberg, Imagetripping LLC, 2019-03-07 As the systematic murder of six million Jews by Nazi Germany and its collaborators was taking place Jewish soldiers in the United States Army participated in guarding healing and reeducating of some of the four hundred thousand German prisoners of war PW held in camps scattered across the United States History has paid little attention to the participation of Jewish GIs at these camps and the role they played in preparing PWs to return and participate in a postwar democratic Germany Very little is known about the experiences of these Jewish soldiers that prepared them to go face to face with German PWs some of which were hardened Nazi party members In addition little is known about how the tour of duty in these camps affected the GIs postwar lives It was fifty years after the German PWs returned home that I found an unexpected gift my late parents left me that became a portal to discover stories of individual Jewish men whose deeds should inspire future generations on confronting anti Semitism and racism These men did not feel sorry for themselves being assigned to PW camps did not request transfers and embraced the change and focused on the things they could control They viewed their roles not as custodians or babysitters of prisoners but as role models of Jewish men who were fit trim educated held rank and wanted to

do more than just ride out the war in the zone of the interior Their stories are about affecting positive change in the PWs thinking and behaviors Their mission of tikkun olam repair of the world is the subject of this book How where and when they started and completed this mission is unique to each Jewish GI despite them having common basic training in Jewish upbringing and values It is hoped that this book will inspire other Jewish soldiers who served at PW camps or their family members knowledgeable about their service to step forward and share their experiences This could lead to a future updated edition of this book
