The Ugly Swans Аркадий Стругацкий, Arkadij Strugatskiĭ, Борис Стругацкий, 1979 **Disgust and Desire** Kristen Wright, 2018-01-03 Monsters have taken many forms across time and cultures yet within these variations monsters often evoke the same paradoxical response disgust and desire We simultaneously fear monsters and take pleasure in seeing them and their role in human culture helps to explain this apparent contradiction Monsters are created in order to delineate where the acceptable boundaries of action and emotion exist However while killing the monster allows us to cast out socially unacceptable desires the prevalence of monsters in both history and fiction reveals humanity's desire to see and experience the forbidden We seek write about and display monsters as both a warning and wish fulfilment and monsters therefore reveal that the line between desire and disgust is often thin Looking across genres subjects and periods this book examines what our conflicted reaction to the monster tells us about human culture **Daphnis and Ratboy** Jim Chapson, 2009-09-21 Specifically drawing on the pastoral traditions of Greek poetry Chapson's book contains an extended imitation of the work of Theocritus the third century poet widely considered the father of the idyll *Monstrous Reflection* Petra Rehling, Elsa Bouet, 2019-07-22 This volume was first published by Inter Disciplinary Press in 2014 By engaging and questioning existing definitions and ideas all of the essays in this volume represent the idea of a monstrous reflection in one way or another Monsters can serve as a means to explore the cultural anxieties they embody and the reasons for these anxieties Thus monsters act as mirrors highlighting the causes for the creation of categories A reflection can also be a comment or statement applicable in that the monstrous or the word monster becomes a label of otherness and exclusion This label is sometimes a construction a discursive and rhetorical trope which only serves to other those deemed different or undesirable suggesting that the monster might not always be monstrous This volume is about the ones gazing into the mirror and the things staring back at humanity along with the uncomfortable truths that are revealed in the process **Science Fiction and Fantasy Book Review** Neil Barron, R. Reginald, Robert Reginald, 2009-11 Science Fiction Fantasy Book Review was founded in 1979 to provide comprehensive coverage of all the major and minor books being released in the genre at that time This was the golden era of SF publishing with a thousand titles old and new hitting the stands and the bookshelves each and every year From the older classics to the newest speculative fiction this was the period when the best and the brightest shined forth their talents SF FBR included reviews by writers in the field by amateur critics and by littérateurs and University professors Over a thousand books were covered during the single year of publication many of them having been reviewed nowhere else before or since The January 1980 issue includes a comprehensive index of all the works featured during the preceding year This reprint will be a welcome addition to the literature of science fiction and fantasy criticism Neil Barron is a retired bibliographer and literary critic editor of the acclaimed Anatomy of Wonder series Robert Reginald was the publisher for twenty five years of Borgo Press and has authored over 110 books of his own **Histoire Russe**, 1984 A
