*The Four Horsemen of the Apocalypse* Vicente Blasco Ibáñez, Charlotte Brewster Jordan, 1919 **Vampire Apocalypse: Trail of Tears** Derek Gunn, 2014-04-11 On a cold and stormy evening, the small human settlement celebrates their survival. Not all of their number have returned, though, and it is a bitter-sweet celebration. The festivities are interrupted when an elite force of Carter's thralls finds their hidden home and attacks. The fallout from the nuclear plant is also creeping south with the prevailing winds, forcing the humans to abandon their home. While they prepare to leave, the weather worsens, and they are forced to abandon many of their belongings and trek miles to what they hope will be a better life. Carter now knows where they are, though, and mounts a huge offensive to destroy the human threat and gain possession of the new vampire-killing ammunition. Caught between the approaching thrall army, the violent storms, and the poisoned air, the humans make a desperate journey along the trail of tears. In California, Von Richelieu must reassert his authority over the cabals or lose everything. The small rebel band becomes more than a nuisance, and Von Richelieu puts plans in place to destroy them once and for all. The clock for the serum's deadly effects finally winds down, and humans die in their thousands. With food scarce and the vampires falling prey to their growing madness, the world falls closer to its apocalyptic end.
