Perspectives on Probing Narratives in Healthcare Casal, Teresa, Cabral, Maria de Jesus, 2023-06-01 There is often a communication disconnect between medical caregivers including doctors nurses therapists and other assistive medical personnel and the patient While medical staff usually understand a patient s symptoms causes and treatments communicating this understanding to a patient using industry terminologies can lead to confusion and misunderstanding and similarly patients may lack the vocabulary to effectively communicate their experiences back to their caregivers A new approach to communication must be bridged between these groups by individuals who have experience on both sides of the conversation Previous studies of doctors who end up in the role of the patient reveal how these individuals have a dual perspective on illness combining their medical knowledge with their own personal medical experiences Narratives including autobiographical accounts and fictional stories can help bridge the gap between experiential and academic knowledge of illness by expanding one s limited perspective and accessing others points of view Autobiographical and fictional narratives

can both play a role in developing a more comprehensive understanding of illness beyond simply treating the disease. It is necessary to further examine the ethical and methodological underpinnings of narrative based interventions in the education of healthcare professionals, practitioners and patients. *Global Perspectives on Probing Narratives in Healthcare* offers a multidisciplinary examination of theoretical and methodological uses of narratives in healthcare by bringing together medical aspects of healthcare and the study of arts and humanities. This illustrates specific applications of narratives in healthcare settings including improvement of clinical skills, performance of the caring role and self efficacy for building a true partnership in the patient's health journey through varied approaches up to date tools and resources that can be transferred and adapted to specific educational and healthcare contexts. This diverse collection of expert knowledge and experience is led by editors with over 20 years of teaching experience. Dr Teresa Casal of the University of Lisbon, Portugal and Dr Maria de Jesus Cabral of the University of Minho, Portugal. Expertise featured in this book includes contributions from some of the most prestigious academic institutions including Columbia University in the United States, King's College in the United Kingdom, University of Padua in Italy and more. It is an essential resource for healthcare and social science researchers, academics, advanced healthcare students, health training and education departments, healthcare practitioners and patients, associations and policymakers in healthcare who are looking to broaden their scope of understanding of the patient experience.

Two Miles to Tynecastle Andrew-Henry Bowie, 2011-07-19 Andrew Henry Bowie is a passionate Heart of Midlothian Football Club supporter. He doggedly survived a tough childhood and found solace sort of in his overwhelming love of football. The author engages the reader with an energetic and animated account of his years as a Hearts fan and his early years growing up as an Edinburgh schmie. Written with verve and a dry sense of humour, Bowie entertains with recollections of a series of calamitous episodes, ironically these seemed to reflect the Hearts ups and downs. The book is scattered with familiar references to the 80s and 90s for anyone growing up during this period, this book will stir poignant memories.

Dry Bones Breathe Eric Rofes, 2015-01-28 *Dry Bones Breathe* Gay Men Creating Post AIDS Identities and Cultures breaks new ground in offering an original and insightful interpretation of gay men's shifting experience of the AIDS epidemic. From *Dry Bones Breathe* you'll gain a deeper understanding of current community debates focused on circuit parties, unprotected sex and gay men's sexual cultures and you will learn how social, political and biomedical changes are dramatically transforming gay identities and cultures. *Dry Bones Breathe* is Eric Rofes' explosive follow up to *Reviving the Tribe*, a book which broke open debates in gay communities around the world about sex identity and gay men's relationship to AIDS. In this volume Rofes contends that most gay men no longer experience AIDS as the crisis they did during the 1980s. Gay men often attribute this shift to the advent of protozoa inhibitors, but Rofes explains how other factors including the epidemic's predicted trajectory, new treatments for opportunistic infections, the passage of time and the increasing diversity of gay men inhabiting communities throughout the country have set in motion the transformation of gay life. AIDS organizations and gay leaders

however continue to assert that gay men experience AIDS as an emergency resulting in a tremendous dissonance between gay leaders and their communities In the midst of this controversy Dry Bones Breathe lets you share in stories of hope and recovery and a new vision for AIDS work that demands a radical redesign of prevention care and activism Dry Bones Breathe tackles several other issues concerning the powerful shifts occurring in gay communities and cultures by explaining why an understanding of the terms post AIDS and post crisis is crucial to interpreting contemporary gay male cultures and what Australian prevention theorists have to offer gay men in the United States describing the Protozoa Moment and exploring how a dangerous obsession with pharmaceuticals is leading many to mistakenly attribute all changes in gay men s cultures to combination therapies examining the writings of Larry Kramer Andrew Sullivan Michelangelo Signorile and Gabriel Rightly to illustrate how the crisis construct has unleashed a backlash against gay sexual cultures discussing the dramatic diminution in gay men s AIDS related deaths in epicenter cities and the impact of shrinking obituary pages on gay men s mental health exploring the diverse relationships to the epidemic forged by young gay men gay men of color gay men from rural or small towns and middle aged men not infected with HI detailing how HI prevention and service organizations targeting gay men must redesign their mission and restructure their work In response to continuing efforts to direct gay men back into a state of emergency Dry Bones Breathe suggests that long term prevention efforts must be constructed around something other than a crisis While AIDS organizations look at gay men s diminished participation in AIDS activism Rofes argues that these organizations should face how they have distanced themselves from the reality of most gay men s lives From stories and experiences full of hope anger sadness and strength Dry Bones Breathe will teach you about gay men who no longer base their identities and cultures solely around AIDS

Antæus Daniel Halpern,1994 Boys Like Us Patrick Merla,1996 An important step in providing role models to ease the pain of young gay people as they approach their own self identity **AB Bookman's Weekly** ,1997 *Worth Fighting with* Vincent R. Quinn,2007 Can a gay man in his forties find happiness in the middle of England With a half written gathering dust in his study and a growing distaste for the catty and competitive give and take of this academic career Danny Whelan s drifting through his forties as a gay man unfulfilled and unloved And he s not alone *Worth Fighting With* is the story of life behind the scenes in the English Department of a small university in the Midlands of England where sex power and identity politics can heroes of the even the most ordinary people The Millionaire of Love David Leddick,2006 Radomir is the epitome of Quentin Crisp s concept of the millionaire of love a beauty who is loved and desired by both women and men However he holds little patience for Nevis s attentions His constant rebuffs fail to dissuade the fixated older man who in turn almost revels in the emotional pain he experiences from rejection Helpless against his own feelings Nevis must do battle with his emotions to save his dignity and any chance he has left for happiness *The Millionaire of Love* reveals the inner thoughts and feelings of both men showing that no matter how deeply we descend into inescapable passion and unrequited love we need to value all that we learn no matter what our age **BOOK JACKET**
