The Jaffee Center Report on the Middle East Peace Process United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Europe and the Middle East, 1990 [Just Peace After Conflict](#) Carsten Stahn, Jens

Iverson, 2020-09-05 The interplay between peace and justice plays an important role in any contemporary conflict Peace can be described in a variety of ways as being negative or positive liberal or democratic But what is it that makes a peace just This book draws together leading scholars to study this concept of a just peace analysing different elements of the transition from conflict to peace The volume covers six core themes conceptual approaches towards just peace macro principles the nexus to security and stability protection of persons and public goods rule of law and economic reform and accountability

Contributions engage with understudied issues such as the pros and cons of robust UN mandates the link between environmental protection and indigenous peoples the treatment of illegal settlements the feasibility of vetting practices and the protection of labour rights in post conflict economies Overall the book puts forward a case that just peace requires not only negotiation agreement and compromise but contextual understandings of law multiple dimensions of justice and strategies of prevention This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is offered as a free PDF download from OUP and selected open access locations [Peace Corps Volunteer](#), 1966

Politics of Civil Wars Amalendu Misra, 2013-05-13 Civil war is one of the critical issues of our time Although intrastate in nature it has a disproportionate and overwhelming effect on the overall peace and stability of contemporary international society Organized around the themes of contested nationalism violence external intervention post conflict reconstruction reconciliation and governance Amalendu Misra investigates why civil wars have become so widespread and how can they be contained Particularly noteworthy is its focus on the cycle of conflict ranging as it does on the causes conduct and end of civil wars as well as on subsequent efforts to return post conflict society to normal politics Theoretically robust and empirically solid this book clearly charts the course of contemporary civil wars using case studies from a variety of zones of conflict including Africa Asia and Latin America to produce the most comprehensive guide to understanding civil wars in an interconnected and interdependent world **Everyday Peace** Roger Mac Ginty, 2021 The everyday circuitry and scalability
