How to Solve It: Modern Heuristics Zbigniew Michalewicz, David B. Fogel, 2004-09-21. No pleasure lasts long unless there is variety in it. Publilius Syrus. Moral Sayings. We've been very fortunate to receive fantastic feedback from our readers during the last four years since the first edition of *How to Solve It: Modern Heuristics* was published in 1999. It's heartening to know that so many people appreciated the book and even more importantly were using the book to help them solve their problems. One professor who published a review of the book said that his students had given the best course reviews he'd seen in 15 years when using our text. There can be hardly any better praise except to add that one of the book reviews published in a SIAM journal received the best review award as well. We greatly appreciate your kind words and personal comments that you sent, including the few cases where you found some typographical or other errors. Thank you all for this wonderful support.
