The 5x questions checklist for an effective hybrid workplace model

01

What do people want?

As mentioned above, a successful hybrid work strategy and hybrid workplace model can only work if it's designed to the people.

Before making any significant decisions or investments, it's important to understand the preferences, needs and expectations of the people you want to work for.

You want to build a workplace model in which all roles, functions and employees are able to work in their best interests.

How do you know? What data do you have on employee preferences, expectations and needs? How do you know? What data do you have on employee preferences, expectations and needs? How do you know?
