## **Someone To Love How To Find Romance:**

**Love, Intimacy and Online Dating** Lisa Portolan, 2022-12-02 *Love Intimacy and Online Dating How a Global Pandemic Redefined Romantic Relationships* is an innovative work that explores the concept of intimacy during the COVID 19 pandemic. The book provides an overview of the online dating world and apps the use of which gradually became common as the pandemic restricted people's interaction in the physical world. The author's extensive research conducted during the pandemic posits a comprehensive understanding of the individual's motivation to join a dating app and explores its varied aspects. This thoroughly researched book explores the themes and elements of online dating and examines the user's motivation for joining a dating app for seeking intimacy as well as for self-presentation on the app. Portolan examines the underlying politics and role of infrastructure of dating apps and describes how gender, power, and intimacy intersect to create new intimacy phenomena. She also utilizes her research to put forth the key concept of Jagged Love, which describes a user's cyclical relationship with dating apps during the pandemic and the gap between a user's act to seek familiar romantic narratives and the app's inability to deliver against these ideas. The chapters further explore the differences between virtual and In Real Life (IRL) intimacy, the generation of gender, and the emanation of stereotypical cultural ideals that the users sought through the apps. The book serves as an invaluable discussion on the pandemic's impact on modifying the definitions of romance and intimacy. This book will be useful for highlighting the impact social factors can have on familiar concepts and the effects of the COVID 19 pandemic on the definition of love and intimacy, making it fascinating for students, academics, and professionals interested in relationships, digital media, and gender. It will also be useful in enhancing the comprehension of love and romance in the fields of social science.

**Love Stories of Later Life** Amanda Smith Barusch, 2008-03-13 Even with baby boomers retiring and greater media and research attention being lavished on older people, most gerontologists have studiously avoided examining romance among the elderly. *Love Stories of Later Life* is an appealing and eye-opening remedy to this neglect, as leading gerontologist Amanda Smith Barusch presents original research into what love and romance mean in seniors' lives. The result is a glimpse into a world many people didn't know existed: that of romantic love in later life. Unlike superficial guidebooks that purport to help seniors find a new mate, *Love Stories of Later Life* integrates theory and the latest research on love and the aging process. Drawing on a wealth of personal narratives collected during a landmark five-year study, the book presents the lived experiences of older adults from all walks of life. It addresses the impact of common age-related changes, both emotional and physical, on romantic relationships and argues that love continues to sculpt our personalities and our lives, even in life's later decades. Each chapter includes practical tools for the serious student of love, including exercises designed to increase self-awareness and relationship building, as well as annotated lists of suggested reading that are at once comprehensive and accessible. Barusch's fresh perspective, engaging voice, and in-depth qualitative research make *Love Stories of Later Life* an important contribution to the study of individual lives and the aging process.
