Theological Dialogue Between Orthodox And Reformed Churches:

Theological Dialogue Between Orthodox and Reformed Churches Thomas Forsyth Torrance,1985 Thomas F. Torrance and the Orthodox-Reformed Theological Dialogue Jason R. Radcliff,2018-10-11 In this volume Jason Radcliff offers an introduction critical appreciation and constructive extension of the Orthodox Reformed Theological Dialogue spearheaded by Thomas F Torrance in the late 1980s and early 1990s Focusing upon the Greek Patristic foundations of the Dialogue as seen particularly in the shared rapport between Torrance and Archbishop Methodios Fouyas as well as the monumental theological outcome of the Dialogue The Agreed Statement on the Holy Trinity a document that claims to cut behind the issue of the filioque this book also highlights some of the notable conversations that went on behind the scenes of the Dialogue as seen in the photos the unpublished Official Minutes and correspondence between Torrance and other major figures namely George Dragas Methodios Fouyas and The Patriarch of Constantinople himself about such topics such as the Athanasian doctrine of the Trinity Barthian Christocentrism and John Zizioulas existentialism The book includes selections from unpublished minutes and photographs as well as out of print documents such as Torrance s Memoranda on Orthodox Reformed Relations and Common Reflection as well as The Agreed Statement on the Holy Trinity Radcliff argues that the Dialogue s ecumenical use and creative interpretation of the Trinitarian and Christocentric theology of the Greek Fathers is profoundly relevant for contemporary Trinitarian theology

Theological Dialogue Between Orthodox and Reformed Churches Thomas Forsyth Torrance,1985 Debrecen V Károly Tóth (évêque.),1989 **T. F. Torrance and Eastern Orthodoxy** Matthew Baker,Todd Speidell,2015-11-05 A properly ecumenical theology T F Torrance believed points the church to Christ as the only source and reality of its own unity Its only hope for unity must be discovered in him and unveiled to the church rather than pieced together and manufactured through ecumenical slogans and well meaning intentions Acting on this belief Torrance initiated an international dialogue of Reformed and Orthodox Churches which culminated when the World Alliance of Reformed Churches and the Orthodox Church issued a groundbreaking joint statement of agreement concerning the Trinity in 1991 a move beyond the filioque controversy that has divided East and West for a millennium The current volume on T F Torrance and Eastern Orthodoxy continues the theological and ecclesial work of the reintegration of Western and Eastern traditions on a classical patristic foundation

T. F. Torrance's Reconstruction of Natural Theology Alexander J. D. Irving,2019-07-15 T F Torrance s proposal for natural theology constitutes one of the most creative and provocative elements in his work By re envisioning natural theology as the cognitive structure of theology determined by God s self revelation in Jesus Christ and not as the task of philosophically reflecting on the nature or existence of God aside from religious presuppositions Torrance moves through and beyond Barth s resistance to natural theology This book establishes Torrance s unique reconstruction of natural theology within its proper intellectual context providing a fresh analysis of this important methodological innovation as it emerges from Torrance s realist epistemology As Irving

demonstrates in Torrance's distinctive conception of science he operated with an approach to cognition that functions via a realist synthesis of experience and understanding and in Torrance's theological science this synthesis of experience and understanding is the synthesis of revealed theology and natural theology. The author argues that this reconstruction of natural theology expresses a dramatic vision for human agency within theological cognition adding the necessity of the human knowing subject to the priority of the divine revealer. Finally, this book marries Torrance's accomplishments in reconstructing natural theology to his Christocentric theological method in which God is both revealed and known in the person of Jesus Christ, fully God and fully human.

Provides a rich source of information and reflection on many aspects of ecumenism from 50 expert contributors of many nationalities and traditions. Offers a global perspective showing how ecumenism is a feature of the Church in all parts of the world with different geographical areas specifically considered in chapters focusing on Europe, the Middle East, Africa, Asia, and more. Offers an invaluable guide to one of the most important Christian activities of today: work for unity and reconciliation within the Church itself and as a witness in the world at large. Book jacket.

The Ecclesiology of Thomas F. Torrance Kate Tyler, 2019-08-12. This book provides a constructive analysis of Thomas F. Torrance's ecclesiology. Holding the doctrine of the Trinity to be the ground and grammar of theology, Torrance viewed the doctrine of the Trinity as foundational for all ecclesiological reflection. What does it mean to be the people of the God whom Christians name as Father, Son, and Spirit? Tyler examines Torrance's development of the rich potential of the metaphor *koinonia*, involving both a vertical dimension (the Church's union with Christ through the Spirit) and a horizontal dimension (its visible existence in human history lived out in space and time) and considers how the relationship between these two dimensions informs the structured forms of the Church's life, its ecumenical breadth, and its missional vision.

In the words of one reader, this book falls somewhere between Garrison Keillor and Karl Barth. Keillor because it is rooted in the homely events of congregational life: the old stones in a graveyard, the Christmas Pageant, Lenten programs, the baptism of a child, all the rituals that mark both the church year
