The Right to Development in Africa Carol Chi Ngang,2021-10-18 In *The Right to Development in Africa* Carol Chi Ngang provides a conceptual analysis of the human right to development with a decolonial critique of the requirement to have recourse to development cooperation as a mechanism for its realisation In his argumentation the setbacks to development in Africa are not necessarily caused by the absence of development assistance but principally as a result of the lack of an operational model to steer the processes for development towards the highest attainable standard of living for the peoples of Africa Basing on the decolonial and capability theories he posits for a shift in development thinking from dependence on development assistance to an alternative model suited to Africa which he defines as the right to development governance Youth ,1928 Youth Charter for the State of Maine
