**Mihailo Crnobrnja**

## **Yugoslavia A First:**

The First Yugoslavia Alex N. Dragnich,1983      *Kingdom of Yugoslavia, 1919-1929* Yugoslavia. Centralni Presbiro,1930

Yugoslav Drama, Second Edition Mihailo Crnobrnja,1996-04-29 Crnobrnja discusses in detail the part of the drama most visible to the world the rapid dissolution of the country following civil war and internationalization He emphasizes the dichotomy between the lack of compromise on the part of the Yugoslav participants and the natural tendency to compromise that characterizes both the European Communities and the processes and actions of the United Nations In a synthesis of the immediate situation he draws together the threads of the story to consider and analyse possible future scenarios and to place them in a broader Balkan and European context The updated second edition provides an evaluation of events in the ongoing struggle over the last two years and the prospects for peace in the near future      The Birth of Yugoslavia Henry

Baerlein,1922      **The EEC's Yugoslav Policy in Cold War Europe, 1968-1980** Benedetto Zaccaria,2016-06-09 The disintegration of Yugoslavia in the early 1990s is often described as the starting point of the EEC EU involvement in Western Balkan politics as if no political relations had developed between the EEC and Yugoslavia during the Cold War era Instead this book shows that the origin of EEC Yugoslav relations must be placed in the crucial decade of the 1970s Contrary to received opinion this work demonstrates that relations between the EEC and Yugoslavia were grounded on a strong political rationale which was closely linked to the evolution of the Cold War in Europe and the Mediterranean The main argument is that relations between the two parties were primarily influenced by the need to prevent the expansion of Soviet influence in the Balkans and to foster détente in Europe      **A Legal Geography of Yugoslavia's Disintegration** Ana S.

Trbovich,2008-02-05 *A Legal Geography of Yugoslavia's Disintegration* explains the violent break up of the former Yugoslavia in early 1990s in the context of two legal principles sovereignty and the self determination of peoples The author recounts Yugoslavia's history with a focus on the country's internal administrative divisions and aspirations of different ethnic groups in order to effectively explain the genesis of the international community's political decision to recognize the right of secession for the largest administrative units of Yugoslavia Trbovich a Serbian author writing from the perspective of a disengaged scholar tackles her subject matter with clarity and detail and offers an intriguing analysis of Kosovo's future status international recognition of secession implications of Yugoslavia's disintegration for other conflicts invoking right to self determination and international intervention in ethnic conflicts      *European Politics into the Twenty-First Century* Hans

Slomp,2000-02-28 This short and simple introduction to European politics which includes Western and Eastern Europe as well as Russia demonstrates how European nations have attempted to cope with division within Europe and in international politics Highlighting differences with U S politics Slomp examines the European system from various perspectives including geography religion economics and social composition Two separate chapters discuss relations within the European Union as well as its interaction with nations outside the group Tables and figures provide a wealth of information on the location of

minorities the ideological spectrum and social policies Directed toward both an American and a European readership this study includes information about the importance of ethnicity and religion the impact of new migration waves and the position of the labor movement It covers the role of political parties the Americanization of election campaigns and the prevalence of coalition governments A chapter on European style civil society focuses on the influence of pressure groups the popularity of formal business trade union government contracts the mass media local politics and federal political systems Every chapter deals with the social transformation of the former communist countries of Central and Eastern Europe A final section contains a brief description of all the nations by groupings

**Economic Conditions in Yugoslavia** Great Britain. Dept. of Overseas Trade,1930

*Discrimination in Football* Christos Kassimeris,2021-05-17 While football does not generate discriminatory behaviour it often replicates the very same social issues that concern any given society Evidently football has witnessed an alarming increase in the number of disturbing incidents on the grounds of racism ethnocentrism sectarianism homophobia and sexism Given the variety of forms that discrimination can take it is imperative that football addresses with effect all such anti social phenomena in order to continue to promote notions pertaining to social inclusion equality and cultural diversity all central to the game s philosophy and overall popularity Assessing the nature and causes of discrimination in football is key to identifying the much needed remedies but also because discrimination poses a serious challenge to long established practices deeply rooted in democracy Discrimination in Football provides a comprehensive and in depth investigation into these key issues affecting football today This new book will appeal to academics and students with an interest in social science law sport and humanities as well as football fans and professionals in the football industry
