Framework Future Of Work

Sebastian Brünink

Framework Future Of Work:

Research Handbook on the Future of Work and Employment Relations Keith Townsend, Adrian Wilkinson, 2011-01-01 This is an enlightening text on the subject of employment and work relations that will be useful for students in economics specifically those studying labor relations Lucy Heckman American Reference Books Annual 2012 The broad field of employment relations is diverse and complex and is under constant development and reinvention This Research Handbook discusses fundamental theories and approaches to work and employment relations and their connection to broader political and societal changes occurring throughout the world It provides comprehensive coverage of work and employment relations theory and practice This up to date research compendium has drawn together a range of international authors from diverse disciplinary backgrounds There are chapters from labour historians theoreticians more mainstream industrial relations scholars sociologists organizational psychologists geographers policy advisors economists and lawyers At the heart of each chapter is the notion that the world of work and employment relations has changed substantially since the halcyon days of IR throughout the Dunlop Era of the 1950s However many areas of enquiry remain and more questions have developed with society and technology This Handbook reflects this view As the field of study and practice continues to evolve throughout the twenty first century what lessons have we learnt from the past and what can we expect in the future Academics and postgraduate students researching industrial relations human resource management employment relations industrial sociology and sociology of work will find this important resource invaluable

Future of Work in Asia Chorong Yuan Fung, Agnes Siang Siew Lim, Weng Marc Lim, Huey Fen Cheong, 2025-11-11 One of a series of titles on the Futures of Asia this book explores diverse facets of Asia's work landscape during the transformative 2020s offering insights into pivotal transformations and potential trajectories The covered topics include future work models the role of technology in the future workplace the dynamics of the future workforce and the evolving landscape of work Examining the topics from corporate foresight and past future to technological trends and environmental shifts this book showcases a collaborative effort from multidisciplinary researchers navigating the complexities of forecasting and envisioning Asia's work futures This book offers valuable insights into the dynamic discourse on future studies while offering a nuanced understanding of the work possibilities that lie ahead of Asia as well as deciphering Asia's evolving impact and roles within the broader global context This is an insightful read for scholars with an interest in Asian work and future studies
