The Double Model Adimchi Onyenadum, 2017-09-01 The question of the Godhead is a very heated issue in Christendom The field abounds with contrasts antitheses and confusion The majority of Christians are proponents of the Trinity But increasingly large numbers of them are abandoning the Trinity camp and questioning its validity In discussions and chat rooms for every verse one presents in favor of a particular theory of the Godhead one will encounter tens of scriptures contradicting or disproving them This is irrespective of the brand of Godhead being defended Trinity Binitarianism Oneness Unitarianism etc In one such public Internet forum as I was trying to present my own version of the Godhead God gave me a unique understanding of the subject and prompted me to turn my posts then into a book This is the book you are now about to read It examines God in seven divine dispensations Godhead is different in each dispensation At times God appears to be one Unitarianism at other times he seems to be two Binitarianism and still other times he is three Trinity At times it seems it is only Jesus and no one else Oneness Only this book combines all the theories of the Godhead into one glorious unity

The Double Voice of Her Desire, 2019-05-21 To the attentive listener women s texts speak with a double voice Women are quite capable of telling a conventional story reflecting the expectations of the dominant culture However at the same time they tell their own muted story Such stories are fragments of resistance and anyone who has experience of living on the margins can track them down Such was the view of Fokkelien van Dijk Hemmes 1943 1994 This is a comprehensive collection of the late scholar s groundbreaking work in feminist biblical interpretation in English translation The essays document Van Dijk Hemmes development and show how her work relates to contemporary developments in feminist thinking There is a Foreword by Mieke Bal an in memoriam by Athalya Brenner and an overview of van Dijk Hemmes extensive output of books and articles completes the volume Fokkelien van Dijk Hemmes taught Women s Studies and Old Testament at the University of Utrecht Her pioneering work of feminist interpretation tragically cut short was highly influential both inside and outside the Netherlands Translated by David E Orton

A Critical and Exegetical Commentary on Genesis John Skinner, 1910

Genesis As Dialogue Thomas L. Brodie, 2001-08-16 Recent years have seen a remarkable surge in interest in the book of Genesis the first book of the Hebrew Bible and a foundational

text of Western culture In this new commentary Thomas Brodie offers a complete and accessible overview of Genesis from literary theological and historical standpoints Brodie s work is organized around three main ideas The first is that the primary subject of Genesis is human existence the second is that Genesis basic organizational unity is binary or diptych Brodie argues that the entire book is composed of diptychs accounts which like some paintings consist of two parts or panels Finally Brodie contends that many of Genesis sources still exist and can be identified and verified *The book Genesis a true history* Frederick Watson,1892 *A Text-book of Pathological Anatomy and Pathogenesis* Ernst Ziegler,1887

Kirkes' Handbook of Physiology William Senhouse Kirkes,William Marrant Baker,Vincent Dormer Harris,1883 A Textbook of General Pathological Anatomy and Pathogenesis Ernst Ziegler,1888 **A Text-book of pathological anatomy and pathogenesis pt. 1-3** Ernst Ziegler,1887 *The Early Narratives of Genesis* Herbert Edward Ryle,1892 *The Poverty of Eros in Plato's Symposium* Lorelle D. Lamascus,2016-03-24 The Poverty of Eros in Plato s Symposium offers an innovative new approach towards Eros and the concept of Eros in the Symposium Lorelle D Lamascus argues that Plato s depiction of Eros as the child of Poverty penia and Resource poros is central to understanding the nature of love Eros is traditionally seen as self interested or acquisitive but this book argues instead that Eros and reason are properly in accord with one another The moral life and the philosophical life alike depend upon properly trained and directed Eros Lamascus demonstrates that the presentation of the nature of Poverty is essential to the nature of Eros in the Symposium doing this through in depth discussion of the major twentieth century interpretations of Platonic Eros The book shows that poverty provides an appropriate directing of Eros towards eternal and unchanging goods and away from an age geared towards material items and wealth and thus that Plato s mythical treatment of Eros in the Symposium lays the groundwork for understanding the soul s embrace of poverty as a way of living loving and knowing **The Secret Doctrine: Cosmogogenesis** Helena Petrovna Blavatsky,1893 *Cosmogogenesis* Helena Petrovna Blavatsky,1917 A Dictionary of Scientific Terms Isabella Ferguson Henderson,William Dawson Henderson,1929 **The First Bible** Claude Reignier Conder,1902 The author demonstrates that the first records of the Hebrews were written on tablets and in the cuneiform script This view may be supported by consideration of the variations in personal and geographical names that occur in parallel passages in cases where they are so entirely unlike that no mistake between alphabetic letters even in the later indistinct script whence square Hebrew originated could account for the differences from Preface *The Permanent Value of the Book of Genesis as an Integral Part of the Christian Revelation* Charles William Edmund Body,1894 **The Secret Doctrine: Anthropogenesis** Helena Petrovna Blavatsky,1902 *Genesis - 2 Samuel* Charles William Budden,Edward Hastings,1925
