The Dream Breakers:

The Dream Breakers L. Pennington, 1990-10-15 *The Dream Giver for Parents* Bruce Wilkinson, Darlene Marie Wilkinson, 2010-07-07 In this practical guide Bruce and Darlene Marie Wilkinson share with you the seven secrets for guiding your children to discover and pursue their Dreams Are you a dream builder or a dream breaker As a parent you have the privilege of protecting and nurturing the unique God given Dream in your child's heart How do you raise a Dreamer and what can you do to encourage him to pursue his Dream Based on the international bestseller *The Dream Giver* this practical guide will help you inspire and support your child on his journey Bruce and Darlene Marie Wilkinson share seven principles that will enable you to assist your child in discovering his Dream and seeing how it fits into God's Big Dream for the world What could be more exciting than to see your child living his Dream The world is waiting and so is the *Dream Giver* Story Behind the Book In this series of specially focused books the Wilkinsons take teaching to a new level by introducing a modern day parable specific to each title *The Dream Giver for Parents* *The Dream Giver for Couples* and *The Dream Giver for Teens* Each chapter with teaching and application is matched to the parable so that we understand God's desire for us to pursue the dream he gave us *Wanderfoot (the Dream Ship)* Cynthia Stockley, 1913 [Living the Dream](#) Vern and Connie Madison, 2005-08-10 About our Book *Living the Dream* is the true life adventure story of our seven year cruise from Newport Oregon to Phuket Thailand in the 35 foot steel hulled sailboat Tainui This book gives a true picture of what it's really like for a retired couple to live their dream of full time cruising to far away places the highs of beautiful sailing days snorkeling off pristine coral anchoring in tropical lagoons exotic cultural experiences and the fellowship of the cruising community but also fear in storms the exhaustion of sleepless night watches discouragement of endless boat maintenance and a rusting through of Tainui's hull Although we wrote *Living the Dream* for a general audience serious sailors will find a wealth of helpful cruising information and steel boat owners will profit from our significant learning experiences in our maintenance of Tainui's steel hull About us We began our lives far apart Connie in parts of California that were far from the sea and with no aspirations to cross oceans and Vern in the busy seaport city of Seattle dreaming of sailing away some day We eventually met at the University of Washington married started our family and careers Vern as a social worker and Connie as a teacher It was our four years of living with our family in Malaysia while Vern was on the staff of the Peace Corps there that sparked our desire to one day be full time world travelers Order a personalized autographed copy of our book directly from us by emailing us at vkmadison@comcast.net We will send you an order form 16.50 plus actual shipping cost Or order your copy from Author House by clicking the buy now button **Dream Builders, Dream Killers** Berteau Joisil, 2010 All immigrants to America have a story with the American Dream a story sometimes intimately intertwined with personal dreams My story might be a surprising if not maybe an unexpected one diverging from the usual account of pitiful existence in Haiti's slums or that of struggle for adaptation to America's way of life by one of Haiti's boat people who landed on South Florida's coast It is a story

that starts from the lower plains of the Artibonite Valley in Haiti with a dream from my great grandfather Joizil Estim and continues in the United States ultimately in Powell Ohio It is the story of a Haitian immigrant born in the small coastal town of Saint Marc Haiti It evolves with my experiences growing up in my native country where my formative years were influenced by a connection to a diverse sociocultural environment It progresses with my interaction with other societal enclaves in foreign lands like Germany and ultimately in the United States It is an account of dreams fulfilled or unfulfilled due not only to factors such as the convergence of different motivational agents dreambuilders the winds blowing on corporate America whether in Haiti or the United States but also to different conditions such as country of origin globalization social class and Afro ethnicity in America dreamkillers It is the story of coping with life changes of integration into the American mainstream of successes and disappointments of an immigrant from Haiti But it is more than the story of an immigrant it also reflects in a way the struggle of all immigrants coping with the pursuit of the American Dream and the quest for adaptation and continuous learning It relates to all those who have wrestled with their dreams those who have learned to make the best out of life s circumstances and keep a positive outlook in the era we live in Dreambuilders dreamkillers are in all walks of life
