### **How Quantum Activism Can Save Civilization**

Amit Goswami,2010-03-01 Goswami shows that the quantum worldview is not dreamy philosophy or esoteric physics but has profound social consequences of planetary significance Larry Dossey MD New York Times bestselling author Beginning with Taking the Quantum Leap by Fred Alan Wolf there have been a number of books that have created new paradigms for integrating science and spirituality These books have been long on theory and short on application This work represents something completely different for this genre In his previous book God is Not Dead Goswami proved that not only are science and religion compatible but that quantum physics proves the existence of God In this new book Goswami moves beyond theory into the realm of action He asserts that quantum thinking is striking the death blow to scientific materialism that quantum thinking allows us to break from past bad habits and brings us into free will and possibilities Beginning with the question God is here so what are you going to do about it Goswami calls for a plan of action that involves applying quantum thinking to a variety of societal issues He issues a call for a spiritual economics that is concerned with our well being rather than only our material needs democracy that uses power to serve instead of dominating others education that liberates rather than shackles and new healthy practices that restore wholeness Dr Amit Goswami as usual has the most brilliant insights into how consciousness conceives constructs and becomes biology Deepak Chopra Read it seriously and take heart all is not lost and we can change reality Fred Alan Wolf author of Taking the Quantum Leap
