The Trinity Of Humankind:

The Trinity of Humankind F. Kenabiget,2004-02 The Trinity of Humankind offers a unified perspective of the human tripartite persona in relation to the local global and universal human environments and to the Trinity of the One True God Traditional scriptural concepts are surveyed in somewhat modified yet inspirational and significantly meaningful frames of reference so as to offer greater insight and renewed enlightenment for more fulfilled daily living Supportive references of scriptural origin as cited in the appendix lend special credence to this necessary and essential presentation Trinity and Humanity Uche Anizor,2018-02-27 Colin Gunton is regarded by many as one of the most important English theologians of the twentieth century A prolific writer and creative thinker Gunton taught at King s College London for over thirty years until his untimely death in 2003 In this first single authored introduction to Gunton s theology Uche Anizor traces the key theological themes major contributors and criticisms of his work Each chapter provides a synthesis and overview of Gunton s thought on a particular doctrine or set of doctrines calling attention to the Trinitarian shape of his theology In Trinity and Humanity Anizor provides a handy entr e into the corpus of this major thinker **Jesus, Humanity and the Trinity** Kathryn Tanner, Tanner offers not a repetition of doctrines but a creative synthesis of key Christian principles especially the transcendence and gift giving of God and contemporary experience What emerges is a profound yet precise vision of creation God s life and our participation in it While consonant with traditional teachings Tanner s dynamic speculative theology is universal in its range mystical in its outlines and deeply ethical in its relations with all God s gifted creatures Jesus Humanity and the Trinity not only takes stock of Christian belief in a time of tumultuous intellectual and cultural change It also finds in that ferment a life giving meaning and mission for Christian life **The Trinity of God in Man** Anthony Walker,2019-06-27 Matthew 13 10 12 And his disciples came to him and asked Why to them in parables And he answered and said to them Has been given to you too the mysteries of the kingdom of heaven but to them it has not been given For whoever has understanding to him more shall be given and he shall have in abundance But whoever does not have understanding even what he has shall be taken away from him The Trinity of the Three Ayodele Ajileye,2020-01-29 One of the mysteries in human life which Christians try to explain or have better knowledge of is the trinity three in one personality of God as well as the concept of human s spirit soul and body In a bit to understand or explain these concepts a lot of heresies have been celebrated due to misinterpretations In this book Dele revealed certain truths about the trinity of God the trinity of man and surprisingly the trinity of Satan He also explained how they are being applied This is an interesting book in deed and it s resourceful **The Paradise Man** Linhxuan Vu,2016-10-12 Since Adam and Eve left Eden humanity has endured through long millennia of hardships and sufferings especially death But the hearts of their children and great grandchildren have never given up the hope that someday they could return to the place of happiness that once had been their inheritance It is a legitimate and dignified dream In fact since the day Adam and Eve left paradise has remained on earth waiting for every single human child

to return Merton's paradise in the last analysis is on earth but it is not a spacious place. It is rather an attitude of heart, a state of consciousness in a spiritual journey. The recovery of paradise occurs when the ego in us becomes empty like a desert. The more the noisy ego diminishes, the more the paradise appears in all its beauty. In fact, this paradise is the face of God, not just an imaginary picture but the true God Himself. The more the face of our ego fades out, the more the face of God shines in his glory, might, and goodness. The desert path is more a journey within our consciousness than through geographical space and time. That is why it belongs to all people and is not just reserved for desert hermits. According to Thomas Merton, you need not be a bishop, a priest, a monk, a nun, a religious person, or a hermit to enter the spiritual journey. You may be a lay person, a normal churchgoer, very busy with your daily duties, but you certainly could be a real paradise man. *Jesus Christ, the Ancestor of Humankind* Charles Nyamiti, 2006

M.M. Thomas's Secular Commentaries on Scripture Thomas Philip, 2025-08-18

This book investigates M. M. Thomas's biblical commentaries and their unique position at the intersection of religion and society. It explores how Thomas, inspired in part by Bonhoeffer's religionless Christianity, adapted Western theological ideas and transformed them to reflect the social, political, and religious complexities of his own pluralistic context. By examining these commentaries, the book offers a fresh perspective on how Thomas engaged with the dynamic relationship between faith and society. It also contributes a new dimension to the study of Indian Christianity, marking the first in-depth study of Thomas's secular biblical commentaries. This book provides a pioneering contribution to the field of the study of Indian Christianity and the study of non-Western contextual theologies. It enriches the growing literature on biblical hermeneutics by offering new insights into how scripture can be interpreted in diverse cultural and political contexts. By focusing on Thomas's unique theological approach, this work not only enhances our understanding of Indian Christian thought but also broadens the scope of contemporary theological studies, particularly within the global South. It invites readers to consider how the intersection of theology and society shapes religious thought in pluralistic settings. This book is intended for scholars, graduate students, and those involved in church studies, as well as anyone interested in contextual theology and hermeneutics. It is especially relevant for readers keen on understanding Indian Christianity and exploring how theology interacts with the social and political issues present in non-Western contexts. The book will appeal to those looking to deepen their understanding of how faith adapts to and engages with the complexities of modern society.
