*Spitfire* Alfred Price, 1991 Very Good No Highlights or Markup all pages are intact *Spitfire* Leo McKinstry, 2010-10-14 In June 1940 the German Army had brought the rest of Europe to its knees Hitler knows that he will have to break us in this island or lose the war If we can stand up to him all Europe may be free and the life of the world will move forward into broad sunlit uplands said Churchill The future of Europe depended on Britain A self confident Herman Goring thought that it would be only a matter of weeks before his planes had forced Britain to surrender The courage resourcefulness and brilliant organisation of the RAF were to prove him wrong By late September 1940 the RAF had proved invincible thanks to the Vickers Supermarine Spitfire It exceeded anything that any other air force possessed RJ Mitchell a shy and almost painfully modest engineer was the genius behind the Spitfire On the 5th March 1936 following its successful maiden flight a legend was born Prize winning historian Leo McKinstry s vivid history of the Spitfire brings together a rich cast of characters and first hand testimonies It is a tale full of drama and heroism of glory and tragedy with the main protagonist the remarkable plane that played a crucial role in saving Britain **Spitfire** John Dibbs, Tony Holmes, 2016-05-19 Published to coincide with the 80th birthday of the Spitfire this is a gripping and visually spectacular volume which celebrates the life of Britain s most iconic military aircraft The Spitfire turns 80 on 5 March 2016 and the passion for the RAF s best loved fighter is running at an all time high There are more than 50 Spitfires flying in the world today and John Dibbs has shot virtually all of them on the wing in his breathtaking style This eye catching book combines a unique collection of stunning photos with poignant first hand accounts of flying the aeroplane in combat from some of the most famous aces to ever pilot the Spitfire and from some of the pilots forgotten by history Illustrated with photographs from the world s most experienced photographer of Spitfires in the air this is a highly collectable book for anyone with a love for the Flying Legend **Darwin Spitfires** Anthony Cooper, 2013-10-23 The Japanese air raids on Darwin on 19 February 1942 are well known to most Australians although not perhaps to the rest of the world What happened afterwards however remains unknown to many This publication attempts to illuminate this little known period of war history charting the exploits losses and successes of the RAF s No 1 Fighter Wing and the contribution they made to the allied war effort The stalwart Spitfire is celebrated in a narrative that is sure to appeal widely For almost two years the airspace over North West Australia was routinely penetrated by Japanese raids tallying about 70 in total The 1942 43 air raids on Darwin constituted the only sustained and intensive direct assault on Australian mainland territory in the whole of World War II and the whole history of post 1788 Australia yet surprisingly most Australians have no idea that it ever happened And the rest of the world are yet more so in the dark Telling the story of the RAF S No 1 Fighter Wing composed of both Australian and British Spitfire pilots Darwin Spitfires explores the little known 1943 season of air combat over the top end recovering important aspects of Australian history It brings to the attention of the world the heroic exploits of the skilled pilots who did so much to protect Australia and support the Allied effort This important

publication attempts to celebrate and commemorate the spirit of solidarity that characterized the experiences of No 1 Fighter Wing As featured in *Aeroplane Monthly* Malloch's *Spitfire* Nick Meikle,2014-04-19 The story of one of history's greatest fighter aircraft from WWII to its remarkable restoration in 1980 Rhodesia an aviation classic in waiting Airscape In 1977 the Rhodesian Air Force retrieved a World War II era Supermarine Spitfire F Mk 22 But while the RAF was embroiled in the Bush War the dream of restoring the aircraft was frustrated by international sanctions That's when legendary pilot John Jack McVicar Malloch took control of the project Not only had Jack flown Spitfires during World War II he was also uniquely positioned to circumvent sanctions through his airfreight company Air Trans Africa With ingenuity passion and a team of trusted engineers Jack realized the dream of putting Spitfire PK350 back in the air on March 29 1980 In Malloch's *Spitfire* author Nick Meikle tells the full story of this remarkable restoration and reveals some fascinating insights about the aircraft The reader is taken on a journey through the Spitfire's life beginning with her first test flight in 1945 The project's lead engineer and many of the surviving pilots who flew her also share their memories For two years PK350 delighted those fortunate enough to see her fly Then on what was planned to be her last flight Malloch's *Spitfire* never returned to base
