ABC of Equality Diversity and Inclusion in Healthcare Improve inclusion for both patients and staff in your healthcare environment Fulfilment in personal and professional life is facilitated by feeling able to bring one's complete self to work The promotion of Equality Diversity Inclusion EDI and its support in the workplace is crucial to achieving this Diverse and inclusive teams are characterised by good people management leading to better decision making and improved performance which staff wellbeing and patient safety depend on Though issues including racism sexism and homophobia have roots in wider society they also exist across healthcare systems worldwide They contribute to problems with recruitment and retention of staff and can make patients reluctant to access the care they need and deserve The ABC of Equality Diversity and Inclusion in Health summarises the key issues and the impacts on both patients and staff of excluding people from good healthcare solely on the basis of who they are As well as considering impacts on individuals and teams we consider also how inclusion can be improved for the benefit of everyone all patients and all staff Topics include Racism in healthcare Women in healthcare Sexual orientation and gender identity Disability disparities and ableism in medicine Teaching equality diversity and inclusion in healthcare The authors are distinguished healthcare practitioners whose personal and professional lives have been enriched by the diversity of all they meet through their work and who are passionate about ensuring positive change for colleagues and patients This book aims to contribute to important discussions about how to ensure systemic change that will enable an inclusive culture by recognising and celebrating diversity ABC of Equality Diversity and Include EDI in Healthcare is essential reading for students and professionals who want to champion inclusivity and fulfilment in a workplace environment About the ABC series The ABC series has been designed to help you access information quickly and deliver the best patient care and remains an essential reference tool for GPs junior doctors medical students and healthcare professionals Now offering over 80 titles this extensive series provides you with a quick and dependable reference on a range of topics in all the major specialties The ABC series is the essential and dependable source of up to date information for all practitioners and students in primary healthcare To receive automatic updates on books and journals in your specialty join our email list Sign up today at www.wiley.com email

Education for Everyday Life Carl Anders Säfström, 2023-10-21
This book examines the role of teaching within public education It critiques its function in today's educational policies and theories and establishes an alternative way of understanding teaching It explores teaching from within a Sophist tradition of educational practice and thought The first part of the book discusses the vital link between public education and democracy the shifts in schooling's role in fostering competition and comparisons at the cost of social responsibility and democratisation It identifies the driving force of those shifts as forces of aggression and destruction central to a neoliberal ideology The second part of the book argues for a practice of Sophistical teaching rather than Socratic teaching It explores in depth what

it could mean to be teaching in an up to date sophist tradition of educational thought and practice The book also includes insights for teaching to counter aggressive forces of nationalism racism and late capitalism s violence and the escalating climate crisis Readers will be able to understand teaching within educational thought and precisely how different teaching forms can contribute to education as democratisation *Social Justice in Teacher Education: Equity, Diversity, Inclusion* Tara Ratnam,Elaine Chan,Darlene Ciuffetelli Parker,2022-08-09 *Uncertainty Modelling In Knowledge Engineering And Decision Making - Proceedings Of The 12th International Flins Conference (Flins 2016)* Xianyi Zeng,Jie Lu,Etienne E Kerre,Luis Martinez,Ludovic Koehl,2016-07-14 FLINS originally an acronym for Fuzzy Logic and Intelligent Technologies in Nuclear Science is now extended to include Computational Intelligence for applied research The contributions to the 12th of FLINS conference cover state of the art research development and technology for computational intelligence systems both from the foundations and the applications points of view *Equitable and Inclusive School Education* Bharti Kaushik,2024-12-31 This book highlights the strategies and approaches to the practice of equitable and inclusive school education elaborating the role of various stakeholders such as teachers special educators parents peers teacher educators educational administrators and Ed tech firms The aim of this book is to create an understanding of equitable and inclusive school education which is not restricted to children with disabilities but also includes children with different learning needs as well as those from socially and economically disadvantaged sections of society The focus is on presenting practical strategies that are grounded in theory and supported with research The significance of screening at the classroom level development of need based accessible learning teaching materials customizing the pedagogy practices for inclusive classrooms need based examination accommodations leveraging the potential of Information and Communication Technology ICT to elicit the participation of all and collaborative efforts toward realizing the optimum potential of each learner are a few basic ideas illustrated in the book with examples The volume also discusses recent national and international policies for equitable and inclusive education recommending courses of action for effective implementation of the existing provisions by teachers and educators The book will be useful to students researchers teacher educators special educators special education teacher educators pre service teachers and parents It will also be an invaluable companion to in service teachers policymakers and educational administrators curriculum developers and NGOs working in the field of inclusive education

Mathematical Misconceptions Anne D Cockburn,Graham Littler,2008-11-19 How do children relate to numbers and mathematics How can they be helped to understand and make sense of them People are rarely ambivalent towards mathematics having either a love or hate relationship with the subject and our approach to it is influenced by a variety of factors How we are taught mathematics as children plays a big role in our feelings towards it Numbers play a large part in our lives and it is therefore beneficial to inspire a positive attitude towards them at a young age With contributors comprised of teachers teacher educators mathematicians and psychologists *Mathematical Misconceptions* brings together information

about pupils work from four different countries and looks at how children from the ages of 3 11 think about numbers and use them It explores the reasons for their successes misunderstandings and misconceptions while also broadening the reader s own mathematical knowledge Chapters explore the seemingly paradoxical number zero the concept of equality children s perceptions and misconceptions of adding subtracting multiplying and dividing the learning process the ways in which children acquire number concepts This unique book will transform the way in which primary school teachers think about mathematics Fascinating reading for anyone working with children of this age it will be of particular interest to teachers trainee teachers and teaching assistants It will show them how to engage children in the mysteries and delights of numbers
