The Heart of Compassion Dilgo Khyentse, 2007-05-29 A Tibetan Buddhist master shares his commentary on Santideva's Way of the Bodhisattva illuminating the path to enlightenment and the meaning of true compassion What would be the practical implications of caring more about others than about yourself This is the radical theme of this extraordinary set of instructions a training manual composed in the fourteenth century by the Buddhist hermit Ngulchu Thogme here explained in detail by one of the great Tibetan Buddhist masters of the twentieth century Dilgo Khyentse In the Mahayana tradition those who have the courage to undertake the profound change of attitude required to develop true compassion are called bodhisattvas Their great resolve to consider others needs as paramount and thus to attain enlightenment for the sake of all living creatures carries them beyond the limits imposed by the illusions of I and mine culminating in the direct realization of reality transcending dualistic notions of self and other This classic text presents ways that we can work with our own hearts and minds starting wherever we find ourselves now to unravel our small minded preoccupations and discover our own potential for compassion love and wisdom Many generations of Buddhist practitioners have been inspired by these teachings and the great masters of all traditions have written numerous commentaries Dilgo Khyentse's commentary is probably his most extensive recorded teaching on Mahayana practice

Macmillan's Magazine, 1902 *Bad Friend* Tiffany Watt Smith, 2025-05-06 A smart and thought provoking memoir history and cultural critique about the turmoil and complexity of female friendship Our culture today is inundated with narratives about the strength of female friendship whether through images of girl power BFFs or work wives Yet cultural historian Tiffany Watt Smith has always found her own life much messier She has had dramatic friend breakups friendships that felt like too much or not enough friendships that drifted into silence and friendships built on convenience rather than a meeting of minds And there are older cultural scripts to contend with the competitive rival the jealous backstabber the underminer the fair weather friend We have all been bad friends It's impossible to be a perfect one as Watt Smith points out women's friendships have long been magnified scrutinized praised and admonished creating a legacy of impossible ideals In *Bad Friend* Watt Smith reflects on her own experience and thoroughly mines the rich cultural history of female friendship to look for a new paradigm that might encompass the struggles along with the joy
