Utilizing Outward Influence Jin Jiang,Zhao Zheng,1995 **China's Outward-Oriented Higher Education Internationalization** Hantian Wu,2021-06-10 This book introduces a new typology of inward and outward oriented higher education internationalization and investigates China's current situation of shifting from a mainly inward oriented higher education internationalization to a more balanced approach It describes the gap between China's soft power goals of using higher education internationalization for image and influence enhancement and the reality and examines the three major dimensions of China's outward oriented higher education internationalization i e the Confucius Institute program based on Sino foreign higher education collaboration international development aid in higher education and higher education level international student recruitment based on reflections provided by international graduate students in English instruction programs in education related majors in three Chinese universities Providing both theoretical insights and real world examples this book is suitable for higher education researchers graduate students in the relevant fields administrators of higher education institutions and policymakers in the government sector *The Free Church Circular* ,1850 **Emergent Nested Systems** Christian Walloth,2016-03-02 This book presents a theory as well as methods to understand and to purposefully influence complex systems It suggests a theory of complex systems as nested systems i e systems that enclose other systems and that are simultaneously enclosed by even other systems According to the theory presented each enclosing system emerges through time from the generative activities of the systems they enclose Systems are nested and often emerge unplanned and every system of high dynamics is enclosed by a system of slower dynamics An understanding of systems with faster dynamics which are always guided by systems of slower dynamics opens up not only new ways to understanding systems but also to effectively influence them The aim and subject of this book is to lay out these thoughts and explain their relevance to the purposive development of complex systems which are exemplified in case studies from an urban system The interested reader who is not required to be familiar with system theoretical concepts or with theories of emergence will be guided through the development of a theory of emergent nested systems The reader will also learn about new ways to influence the course of events even though the course of events is in principle unpredictable due to the ever new emergence of real novelty [Corporate Obligations under International Law](#) Markos Karavias,2013-11-28 This book examines the extent to which international law places obligations directly on corporate entities It is often argued that corporations are bound by inter alia the same human rights and environmental obligations that states have This book examines the source of these supposed obligations in treaty law international custom and in internationalized contracts to determine whether they really can be transposed to corporations so easily The focus of the book is on the regulation by international law of private corporate conduct It examines whether corporate obligations namely obligations binding directly upon a corporation under positive international law have indeed emerged and if so whether corporations may be systemically

included in the predominantly state centric framework of international law It investigates the challenges facing international law as a result of the potential emergence of corporate obligations and engages in a structural analysis of what corporate obligations under international human rights law might entail Ultimately it warns against conceptualizing corporations as both holders and potential violators of human rights explaining why they are not automatically bound by the same obligations that are imposed on states

The Awakening of Faith Ashvagosha,2021-01-01 The Soul or Mind of the True Model is the great essence of the invisible and the visible worlds As to the nature of this One Soul it is the same in all forms To think it is different in different forms is only a false notion of the world Once we penetrate beyond forms it is discovered that all the different forms of the universe are not real differences of soul at an but different manifestations of one real power hence it has always been impossible to speak adequately to name correctly or to think correctly of this One Soul the real essence of things which is unchangeable and indestructible We therefore name it the TRUE ESSENCE OR THE TRUE LIKENESS OR THE TRUE REALITY OR MODEL
