The Vanishing Fleets (Classic Reprint) Roy Norton,2015-07-18 Excerpt from *The Vanishing Fleets* This book makes no attempt to convey a lesson It does however try to give a note of warning National patriotism national wealth and national resources would all prove unavailing if the United States were suddenly confronted by a determined enemy with a preponderance of guns manned by veterans The writer frankly admits he has no sympathy with those watchdogs of the treasury who decry naval expenditures and the persistent increase of the navy He does not believe the navy adequate for the protection of the nation nor does he think the army sufficient He believes Governmental economies along other lines would enable the nation to bring its defense up to an invincible point without working any material hardship on the gentlemen of the trusts who loudly claim to pay nearly all the taxes About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works [The Vanished Fleets](#) Peter Woelfle Frame,1967 **A Captain of the Vanished Fleet** Benjamin Sharp,1915 *The Fleet* ,1926 *The Vanishing Fleets* Roy Norton,2019-03-11 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant [Outing and the Wheelman](#) ,1910 **The Bellman** ,1918 [The Ships and Sailors of Old Salem](#) Ralph Delahaye Paine,1923
