Vanishing Amer:

The Vanishing American Zane Grey, 1925 Romance of the American Indian the tragedy and glory of the race The Makings and Unmakings of Americans Cristina Stanciu, 2023-01-24 Challenges the myth of the United States as a nation of immigrants by bringing together two groups rarely read together Native Americans and Eastern European immigrants In this cultural history of Americanization during the Progressive Era Cristina Stanciu argues that new immigrants and Native Americans shaped the intellectual and cultural debates over inclusion and exclusion challenging ideas of national belonging citizenship and literary and cultural production Deeply grounded in a wide ranging archive of Indigenous and new immigrant writing and visual culture including congressional acts testimonies news reports cartoons poetry fiction and silent film this book brings together voices of Native and immigrant America Stanciu shows that although Native Americans and new immigrants faced different legal and cultural obstacles to citizenship the challenges they faced and their resistance to assimilation and Americanization often ran along parallel paths Both struggled against idealized models of American citizenship that dominated public spaces Both participated in government sponsored Americanization efforts and worked to gain agency and sovereignty while negotiating naturalization Rethinking popular understandings of Americanization Stanciu argues that the new immigrants and Native Americans at the heart of this book expanded the narrow definitions of American identity

The Vanishing American Adult Ben Sasse, 2017-05-16 THE INSTANT NEW YORK TIMES BESTSELLER In an era of safe spaces trigger warnings and an unprecedented election the country s youth are in crisis Senator Ben Sasse warns the nation about the existential threat to America s future Raised by well meaning but overprotective parents and coddled by well meaning but misbegotten government programs America s youth are ill equipped to survive in our highly competitive global economy Many of the coming of age rituals that have

defined the American experience since the Founding learning the value of working with your hands leaving home to start a family becoming economically self reliant are being delayed or skipped altogether The statistics are daunting 30% of college students drop out after the first year and only 4 in 10 graduate One in three 18 to 34 year olds live with their parents From these disparate phenomena Nebraska Senator Ben Sasse who as president of a Midwestern college observed the trials of this generation up close sees an existential threat to the American way of life In *The Vanishing American Adult* Sasse diagnoses the causes of a generation that can't grow up and offers a path for raising children to become active and engaged citizens He identifies core formative experiences that all young people should pursue hard work to appreciate the benefits of labor travel to understand deprivation and want the power of reading the importance of nurturing your body and explains how parents can encourage them Our democracy depends on responsible contributing adults to function properly without them America falls prey to populist demagogues A call to arms *The Vanishing American Adult* will ignite a much needed debate about the link between the way we're raising our children and the future of our country

Imperialism and Expansionism in American History Chris J. Magoc, David Bernstein, 2015-12-14 This four volume encyclopedia chronicles the historical roots of the United States current military dominance documenting its growth from continental expansionism to hemispheric hegemony to global empire This groundbreaking four volume encyclopedia offers sweeping coverage of a subject central to American history and of urgent importance today as the nation wrestles with a global imperial posture and the long term viability of the largest military establishment in human history The work features more than 650 entries encompassing the full scope of American expansionism and imperialism from the colonial era through the 21st century War on Terror Readers will learn about U S Native American conflicts 19th century land laws early forays overseas for example the opening of Japan and America's imperial conflicts in Cuba and the Philippines U S interests in Latin America are explored as are the often forgotten ambitions that lay behind the nation's involvement in the World Wars The work also offers extensive coverage of the Cold War and today's ongoing conflicts in Iraq Afghanistan Africa and the Middle East as they relate to U S national interests Notable individuals including American statesmen military commanders influential public figures and anti imperialists are covered as well The inclusion of cultural elements of American expansionism and imperialism for example Hollywood films and protest music helps distinguish this set from other more limited works
