

Verdict The Jury System

Tobias Bleicker

Verdict The Jury System:

Verdict Morris J. Bloomstein,1972 *Jury System in America* Rita James Simon,1975-09 *Verdict* Robert E. Litan,2011-09-01 The right to a jury trial is a fundamental feature of the American justice system In recent years however aspects of the civil jury system have increasingly come under attack Many question the ability of lay jurors to decide complex scientific and technical questions that often arise in civil suits Others debate the high and rising costs of litigation the staggering delay in resolving disputes and the quality of justice Federal and state courts crowded with growing numbers of criminal cases complain about handling difficult civil matters As a result the jury trial is effectively being challenged as a means for resolving disputes in America Juries have been reduced in size their selection procedures altered and the unanimity requirement suspended For many this development is viewed as necessary For others it arouses deep concern In this book a distinguished group of scholars attorneys and judges examine the civil jury system and discuss whether certain features should be modified or reformed The book features papers presented at a conference cosponsored by the Brookings Institution and the Litigation Section of the American Bar Association together with an introductory chapter by Robert E Litan While the authors present competing views of the objectives of the civil jury system all agree that the jury still has and will continue to have an important role in the American system of civil justice The book begins with a brief history of the jury system and explains how juries have become increasingly responsible for decisions of great difficulty Contributors then provide an overview of the system s objectives and discuss whether and to what extent actual practice meets those objectives They summarize how juries function and what attitudes lawyers judges litigants former jurors and the public at large hold about the current system The second half of the book is devoted to a wide range of recommendations that will both improve citizens access to jury determinations and help resolve disputes in a more effective and efficient manner Among their many suggestions the authors call for changes in trial procedures and techniques that would improve the ability of jurors to understand the lay and evidence a reduction in administrative costs and delays and a change in they way juries are chosen The authors also recommend shorter hours and more pay for jurors greater flexibility in court schedules and elimination of alternate jurors In the final chapter the civil jury is considered in the broader context of how society resolves or manages civil disputes

We, the Jury Jeffrey B. Abramson,2000 This magisterial book explores fascinating cases from American history to show how juries remain the heart of our system of criminal justice and an essential element of our democracy No other institution of government rivals the jury in placing power so directly in the hands of citizens Jeffrey Abramson draws upon his own background as both a lawyer and a political theorist to capture the full democratic drama that is the jury We the Jury is a rare work of scholarship that brings the history of the jury alive and shows the origins of many of today s dilemmas surrounding juries and justice

American Juries Neil Vidmar,Valerie P. Hans,2009-09-25 This monumental and comprehensive volume reviews more than 50 years of empirical research on civil and criminal juries and returns a verdict

that strongly supports the jury system **Jury System** ,1928 *The Jury* Stephen J. Adler,1994 Takes us inside the jury room in seven cases tells us how juries go wrong and how this can be corrected *The Judicial System* Michael C. LeMay,2022-05-18 An authoritative and accessible one stop resource for understanding the U S judicial system and its place in the fabric of American government and society **Trial by jury** Robert von Moschzisker,1930 A brief review of its origin development and merits and practical discussions on actual conduct of jury trials together with a consideration of Constitutional Provisions and other cognate subjects of importance **The American Jury System** Randolph N. Jonakait,2008-10-01 How are juries selected in the United States What forces influence juries in making their decisions Are some cases simply beyond the ability of juries to decide How useful is the entire jury system In this important and accessible book a prominent expert on constitutional law examines these and other issues concerning the American jury system Randolph N Jonakait describes the historical and social pressures that have driven the development of the jury system contrasts the American jury system to the legal process in other countries reveals subtle changes in the popular view of juries examines how the news media movies and books portray and even affect the system and discusses the empirical data that show how juries actually operate and what influences their decisions Jonakait endorses the jury system in both civil and criminal cases spelling out the important social role juries play in legitimizing and affirming the American justice system
