Green Color Michael Ismari,2025-05-14 The book Green Color Are We So Easily Programmed is a story about how why and where American civilization has progressed to and or regressed to This tale describes the outlandish self serving unsustainable behavioral practices performed in many sectors of society that when compounded by the many can and might lead to a collapse of the whole The hope provided in the pages of this book describe how public education can be retooled to become the vehicle that our American society drives to provide the solutions to rebirth and instill common sense peaceful thoughtful harmless beneficent behaviors into our future citizens This book brings to light the wonders and dangers of technology and the

harmful realization of how terribly capitalism has been able to program us all to disregard and not be able to recognize our negative destructive behavior or to realize the latent ill used wasted valuable assets inherent in our infrastructure This media marketing programming is causing American society to consume at a manic rate modeling egregious unsustainable behavior to our future generations that if continued these insidiously programmed consumptive behavioral practices are certain to cause the downfall of our society This book delivers an urgent message to this country to wake the hell up The story told within this book should serve to alert the readers of a need to change our societal wide consumptive behaviors as well as to kindle a movement to alert the masses that the repurposing of ill used infrastructure assets could be redirected to become the building blocks of a new saner calmer more hopeful all serving mutually beneficial symbiotic culture that respects value at all levels This movement could lead the way to a sustainable twenty first century American civilization bringing hope to many who are or will become disenfranchised This book is the manifesto that preludes future books that hold the descriptions of how to invest the many types of multiple and diverse yet valuable intelligences that populate public education who need to be taught trained nurtured and enabled to guide them to find niches of incorporation so that all people can find their potential and actively participate and produce in American society
