Stonehenge Gate:

The Stonehenge Gate Jack Williamson, 2005-08 Visionary new SF adventure by the Hugo and Nebula award winning author of *Terraforming Earth* **The Stonehenge Gate** Jack Williamson, 1992 *Fools' Gold* David Hutchinson, 1979

Pandora's Box Kyle Weyburne, 2023-07-06 Pandora's Box is the story of Gilbert O Sullivan a middle aged man stuck in his monotonous existence at Leeds University After investigating an archaeological dig in Palestine he is befriended by an Israeli who tells him about another Bible one slightly different to the one we all know When Gilbert visits Bugenheim he finds him dying on the floor of his apartment His final words send him on a hunt for a copy of this legendary book Gilbert finds himself in the depths of Africa scaling a cliff to an ancient monastery Unbeknownst to him though an agent of the Church is hot on his heels and engineers a fall which sees Gilbert encased in plaster and confined to a wheel chair with a morphine drip His experiences now humorously coloured by the morphine seeping into his veins allow him to discover things which his academic brain would otherwise struggle to recognise As the revelations unfold his pursuer starts to question his own faith as the evidence mounts that someone other than his beloved Jesus is the Messiah The interesting thing about this book is that it is a real conspiracy theory The original Messiah was not Jesus but a man who lived 150 years before him who few today have heard of Pandora's Box is a fictional account of how this might have come to the world's attention The information in this book is accurate the maps are real the information in Enoch is real and the quotes from Judas are from the actual Gospel of Judas History is not always a reliable witness *Highways and Byways in Wiltshire* Edward Hutton, 1919 **The Wiltshire Archaeological and Natural History Magazine**, 1902 Includes proceedings of the annual general meetings of the Wiltshire Archaeological and Natural History Society Zip + 4 State Directory, 1994 The Wiltshire Archæological and Natural History Magazine, 1904 *Wonders of World* BPI, Wonders of the World answers all queries of children related to the wonderful buildings and structures that attract people from all over the world It is enhanced with simple text and amazing and unknown facts which will fascinate young learners Colourful illustrations and eye catchy layout make the book more interesting **The Wilmington Giant** Rodney Castleden, 2012 This is the first book to have been written about the Long Man of Wilmington Many different theories about the Long Man's origins are discussed and evaluated The book is a guide to the history and archaeology of the Giant's Downland setting and will appeal to everyone who loves the landscape heritage history and lore of the South Downs An expanded version of the 1983 edition which has been described in a review as a modern antiquarian classic 258 pages 96 black and white illustrations *Sacred Geometry* Stephen Skinner, 2009 A fascinating and inspirational look at the vital link between the hidden geometrical order of the universe geometry in nature and the geometry of the man made world The Da Vinci Code has awakened the public to the powerful and very ancient idea that religious truths and mathematical principles are intimately intertwined Sacred Geometry offers an accessible way of understanding how that connection is revealed in nature and the arts Over the centuries temple builders have relied on

magic numbers to shape sacred spaces astronomers have used geometry to calculate holy seasons and philosophers have observed the harmony of the universe in the numerical properties of music By showing how the discoveries of mathematics are manifested over and over again in biology and physics and how they have inspired the greatest works of art this illuminating study reveals the universal principles that link us to the infinite *The Selborne Magazine* ,1902 The Selborne Magazine and "Nature Notes," the Organ of the Selborne Society ,1902 Journal of the British Archaeological Association British Archaeological Association,1880 *Print Prices Current* ,1930 Being a complete alphabetical record of all engravings and etchings sold by auction in London each item annotated with the date of sale and price realised *Our Own Country : Descriptive, Historical, Pictorial* ,1898 *Westways* ,1960 **Middle-Earth in Magic Mirror Maps... Of the Wilderland in Wales... Of the Shire in England** Stephen Ponty,2014-07-28 This work is a fresh look at the Maps of the Wilderland in The Hobbit leading to the discovery that Professor Tolkien drew the imaginary maps from the Map of Wales back to front or in reverse The maps of the Shire in The Lord of The Rings are drawn likewise of England They are on their way to visit the land of their fathers away east beyond Mirkwood put in Gandalf Gandalf s talk of the land of their fathers is by translation of its national anthem Professor J R R Tolkien s hidden clue to the geography of Wales which we learn the Professor loved including its language The focal point of The Hobbit the Lonely Mountain is identified as Cadair Idris of North West Wales Many of the topographical features of the Mountain coincide The volcano mouth Lake of the Lonely Mountain so resembles Llyn Cau of Cadair Idris The marvel is that the lake has been overlooked so long not only by Smaug the Dragon but also by most commentators on The Hobbit Which reader remembers there is a lake at all Stephen interprets many of the allusions borrowed by Tolkien in his fantastic tale including Beorn at the Carrock the herons of Wales at Lake Town and dragon fire at the Withered Heath The work is divided into nine parts with three site groupings His unique focus on Tolkien s map making methodology will make his book relevant not only to Tolkien fans worldwide but those interested in geography too **Peru; Incidents of Travel and Exploration in the Land of the Incas** Ephraim George Squier,1877 **The British Architect** ,1886
