## Complete Subject and Complete Predicate in the Skill Check

**Complete Subject:**

1. The complete subject is the subject and all the words that tell about the subject.
2. The complete subject starts at the beginning of the sentence and includes every word up to the verb.
3. A line in front of the verb shows where the subject parts end.

**Complete Predicate:**

1. The complete predicate is the verb and all the words that tell about the verb.
2. The complete predicate usually starts with the verb and includes every word after the verb.
3. A line in front of the verb shows where the predicate parts begin.

To identify the complete subject and predicate in the Question and Answer Flow, say, "Go back to the verb. Divide the complete subject from the complete predicate." Draw a line in front of the verb to divide the subject parts on the left from the predicate parts on the right.
