The Acim Mentor Articles: Answers for Students of a Course in Miracles Elizabeth Cronkhite, 2010-05-15 A collection of articles on the practical application of A Course in Miracles to one's life

The Spicer Diaries Michael Spicer, 2014-03-25 Lord Michael Spicer has enjoyed a varied and remarkable political career by anyone's standards. Now in this revealing, insightful, and engaging book, Lord Spicer shares never-before-heard stories of his time in British politics. During three and a half decades as a Conservative Member of Parliament, Spicer has held a plethora of essential political roles both within the party and in government, including Deputy Chairman of the Conservative Party and chair of the highly influential 1922 committee. As an influential member of the Tory party, Lord Spicer worked closely with both Margaret Thatcher and David Cameron among other leaders in British politics, including Tony Blair and John Major, and his diary takes readers behind the scenes to witness the close elections and tough decisions that have characterized Spicer's political life. Part political diary, part cautionary tale, and part commentary, *The Spicer Diaries* is a charming, witty, and insightful memoir.

Celebrity Colonialism Robert Clarke, 2020-06-12 *Celebrity Colonialism* brings together studies on an array of personalities, movements, and events from the colonial era to the present and explores the intersection of discourses, formations, and institutions that condition celebrity in colonial and postcolonial cultures. Across nineteen chapters, it examines the entanglements of fame and power in colonial and postcolonial settings. Each chapter demonstrates the sometimes highly ambivalent roles played by famous personalities as endorsements and apologists for antagonists and challengers of colonial imperial and postcolonial institutions and practices. And each, in their way, provides an insight into the complex set of meanings implied by the novel term *celebrity colonialism*. The contributions to this collection demonstrate that *celebrity* provides a powerful lens for examining the nexus of discourses, institutions, and practices associated with the dynamics of appropriation, domination, resistance, and reconciliation that characterize colonial and postcolonial cultural politics. Taken together, the contributions to *Celebrity Colonialism* argue that the examination of *celebrity* promises to enrich our understanding of what colonialism was and, more significantly, what it has become.

The Mind at Night Andrea Rock, 2009-03-25 Over the past few decades, there has been a revolution in scientific knowledge about why we dream, what is actually happening to the brain when we do, and what the sleeping mind reveals about our waking hours. Beginning with the birth of dream research in the 1950s, award-winning science reporter Andrea Rock traces the brief but fascinating history of this emerging scientific field. She then takes us into modern sleep labs across the country, bringing the scientists to life as she interprets their intellectual breakthroughs and asks the questions that intrigue us all: Why do we remember only a fraction of our dreams?
